A –Recommendation/s and reason/s
<p>1.1. Members are invited to reflect on the content of the Annual Performance Review letter, issued by the Care and Social Services Inspectorate Wales (CSSIW) in June 2017. A copy of which is included in Appendix 1.</p> <p>1.2. Members are asked to consider the Action Plan in response to the Annual Performance Review Letter, which has been drafted in order to document where progress and improvement against each matter will be monitored and managed. A copy of the Action Plan can be found in Appendix 2.</p>

B – What other options did you consider and why did you reject them and/or opt for this option?
<p>The letter, by Vicky Poole, North Wales Regional Director, CSSIW is centred around the Performance Review meeting held on the 24th March 2017 whereby CSSIW gave verbal feedback on their inspection, engagement and performance activity over the past 12 months.</p> <p>The letter summarises area of progress over the past year, including feedback on annual engagement themes, progress on recommendations arising from CSSIW inspections as well as outlining their Inspection, Engagement and Performance Review Plan for 2017/18.</p> <p>It is also noted that a copy of the letter has been shared with partner inspectorates, namely</p>

Wales Audit Office (WAO), Estyn and Healthcare Inspectorate Wales (HIW), with a view that wider corporate perspective in which social services operate, as well as the local context for social service performance can be considered.

Although the 2016/17 Performance Review letter will not be published, CSSIW have confirmed that they will publishing future letters. As a result, it is proposed that in future we will align the scrutiny of the Annual Directors Report on the Effectiveness of Social Services, with the CSSIW Annual Performance Letter.

To Caroline Turner
Director of Social Services

June 2017

Dear Director

CSSIW Performance Review of Isle of Anglesey County Council Social Services

This letter is informed by CSSIW's inspection, performance review and engagement activity during 2016/17. At the Performance Review meeting on 24 March 2017 we provided feedback on our inspection, engagement and performance review activity over the past 12 months.

Progress on key areas for improvements and developments in the last year

The local authority has made sustained progress in implementing the Social Services and Well-being Act (SSWBA). It has audited its compliance with the Act and identified areas where further work and resources are required. The demand for care and support is increasing and the local authority is developing preventative services that promote independence and community resources.

The adult services transformation programme emphasises supporting people to live independent fulfilled lives. The single point of access in adults' services is well established with strong links with the third sector. The local authority is now evaluating if it should invest additional social worker input into the service. In children's services the single point of access for all child and family related enquiries became operational in April 2017.

During 2017-18 the local authority plans to review, consult on and re-commission its preventative services for children and young people. Specialist Children's Services have developed their engagement with families and developed a preventative

service that successfully provides early information and advice at the specialist school.

Positive examples of the development of alternative models of delivery in line with SSWBA are the community asset coordination and support services which have been extended beyond office hours to be available at night and on weekends.

The local authority has recognised the need to further develop its services for older people. Working in partnership with Betsi Cadwaladr University Health Board (BCUHB) the local authority is developing its residential service to support people who have dementia and complex needs and is recommissioning domiciliary care services on a patch basis. CSSIW has advised caution in this approach.

The local authority is an outlier in its reported performance with respect to the Deprivation of Liberty Safeguards (DoLS) and is looking at its data collection processes to better understand the reasons for this. To improve performance the local authority has appointed an officer to manage the requests and trained other staff to assist. This is an area that CSSIW will be following up in 2017-18.

There has been insufficient progress in modernising services for adults with learning disabilities. The local authority plans to engage with social enterprises and progress this in 2017-18 and progress in taking this work forward will be monitored by CSSIW.

Advocacy has been identified by the local authority as an area for development in adult services. Children's services were seen to make effective use of informal advocacy.

The local authority has a significant proportion of Welsh speaking staff to meet the requirements of 'More than Just Words'. However the use of agency staff who do not speak Welsh has reduced Welsh language capacity in children's services.

Strategic partnership working with BCUHB continues to be a challenge the local authorities in the region need to address collectively.

Feedback on annual engagement themes

During 2016 – 17 we carried out a range of engagement activities across all authorities in Wales. This engagement activity focuses on two main themes, adult safeguarding and carers.

- Safeguarding

The local authority has developed its corporate safeguarding policy, procedures and practice in response to legislative changes. The safeguarding and quality assurance service has provided effective oversight and management of the adult safeguarding processes.

The local authority has established consistent safeguarding arrangements making use of experienced designated lead managers with regular audits and meetings to develop learning and practice improvement. Referrals to the safeguarding service are fewer and more appropriate due to screening by a social worker in the Single Point of Access service.

The local authority has identified that it needs to do further work to develop guidance for staff and partners in implementing the new safeguarding guidance.

- Carers

There are established third sector services for carers commissioned by the local authority. The services provided are highly valued by carers with a preventative approach seen in the well embedded Agewell services. There are also developing dementia support services such as the Pobol Seiriol community hub.

The elected member who is designated carers' champion is well informed about carers needs and is engaged in carers issues locally and nationally.

There is a waiting list for the established young carers service that provides a range of group and individual services. Some people with mental health and substance misuse issues had chaotic lives that had a huge impact on those who care for them. This caused high levels of anxiety for their carers.

Over recent years officers have not consistently given attention to the development of the carers' strategy and support services. Services have been established but an understanding of the impact of these services has not been developed. The current carers' strategy identifies the need to progress commissioning and service planning.

Progress on recommendations arising from CSSIW inspections

The November 2016 inspection of children's services looked at outcomes for children in need of help, care and support and protection and looked at the information, advice and assistance services. The inspection found significant concerns regarding the management oversight of safeguarding, access and assessment, and the pace of improvement in the service. During the year children's service faced pressures of increased levels of demand and children being looked after. Workforce development is a key area for development in children's services. The executive and council members are highly engaged and supportive of the improvement agenda. The local authority has produced an improvement plan that is being monitored by CSSIW through a structured series of review meetings, CSSIW is also observing key officer meetings and member scrutiny, and tracking the experiences of families. The service will be re-inspected to evaluate progress.

Inspection, Engagement & Performance Review Plan

In 2017-18 in addition to areas identified for follow up above, CSSIW themes for inspection, engagement and performance review are:

- Support provided for people with mental health needs with a focus on Community Mental Health Team's
- Placement decisions for children looked after

CSSIW will provide six weeks notice if the authority is scheduled for an inspection during 2017/18.

CSSIW will also continue to consider what actions have been taken by the local authority in relation to recommendations contained in its national thematic reviews

including Deprivation of Liberty Safeguards, services for people with learning disability, domiciliary care and Public Law Outline.

CSSIW work with partner inspectorates

You will note that this letter has been copied to colleagues in WAO, Estyn and HIW. CSSIW works closely with partner inspectorates to consider the wider corporate perspective in which social services operate as well as the local context for social services performance. .

As this is the first year we have written to you in this format we will not be publishing this letter, but will do so in subsequent years.

Yours sincerely
