#### 1 - Recommendation/s

To note the contents of the report and attached documents, and state whether or not the Scrutiny Committee supports the priorities and future direction of the work

#### 2 – Link to Council Plan / Other Corporate Priorities

The Community Safety Partnership is required to formally report to this committee each year to present an overview of activities. This ensures that the Partnership delivers its obligations in accordance with sections 19 and 20 of the Criminal Justice and Police Act 2006.

**The committee's duty is to scrutinise the Partnership's work, rather than the work of individual members (bodies).**

#### 3 – Guiding Principles for Scrutiny members

**The following set of guiding principles will assist Members to scrutinise this subject matter:**

- 3.1 The customer/citizen** [looking at plans and proposals from the point of view of local people]
- 3.2 Value** [looking at whether plans and proposals are economic, efficient & effective. Also, looking at the wider requirements of community benefits]
- 3.3 Risk** [Look at plans & proposals from the point of view of resilience and service transformation. It is about the transition from a traditional service to a transformed one, and about the robustness of the transformed service once it is in place]

**3.4 Focus on the system (including organisational development)** [Ensuring that the Council & its partners have the systems in place to ensure that they can implement transformation smoothly, efficiently and without having a negative effect on service delivery]

**3.5 Looking at plans and proposals from a perspective of:**

- Long term
- Prevention
- Integration
- Collaboration
- Involvement

[focus on wellbeing]

#### 4 - Key scrutiny Questions

- Does the committee agree with the priorities of the Partnership, which are based on a regional needs assessment process?
- Does the committee agree with the main milestones developed for local delivery over the coming period?
- Does the committee consider the action plan is sufficiently robust, to deal with aspects of the priority areas?
- Does the committee have any requests for specific additional information, to inform future reports

#### 5 – Background /Context

##### BACKGROUND -

There is a statutory duty on Local Authorities in accordance with the Crime and Disorder Act 1998, and subsequent amendments because of the Police and Criminal Justice Act 2002 and 2006, to work in partnership with the Police, the Health service, the Probation Service and the Fire and Rescue Service, to address the local community safety agenda. These are the main agencies that make up the Community Safety Partnership. The Partnership has a duty to deal with -

- Crime and Disorder
- Substance Misuse
- Reducing reoffending
- Delivering a strategic assessment to identify priorities (work that is now undertaken on a regional basis)
- Putting plans in place to deal with these priorities (a plan now exists on a regional and local basis)

A partnership has existed in Anglesey and in Gwynedd since 1998. However, it has operated as a two-county Partnership for the past five and a half years.

As a statutory member of the Partnership, it is important that the LA is appropriately represented. This is achieved by the presence of the current Local member with Community safety portfolio, Llinos Medi Huws, and the principal officer with responsibility for the work, Annwen Morgan, who has chaired the group for the past two years (Jointly with an office from Gwynedd).

### **THE PARTNERSHIP'S PRIORITIES/DOCUMENTS FOR SCRUTINY -**

The partnership works to an annual plan, which is based on a three-year regional plan. The 2017/18 end of year performance report, and 2018/19 plan are attached (appendices 1,2)

Seven priorities attract the Partnership's attention. Here are the priorities for 2017/18 and 2018/19. These priorities are based on a regional strategic assessment, the Police and crime Commissioner's plan, and the regional Safer Communities Board plan. They are -

- Reducing victim based crimes (acquisitive crimes only)
- Reducing Antisocial Behaviour
- Supporting vulnerable people to prevent them becoming victims of crime
- Raising confidence to report incidents of domestic abuse
- Raising confidence to report sexual abuse
- Addressing substance misuse in the area
- Reducing Re-offending

### **MAIN MESSAGES DERIVING FROM THE ACTIVITY OF 2017/18 –**

The Partnership's end of year report is attached. The report shows the situation in relation to the above-mentioned priorities, namely -

- **Victim Based Crime** increased in Anglesey by 24% in 2017/18. Analysis has evidenced that this is an increase in crime recording effectiveness rather than an increase in offending; these changes have had a particular impact on the number of recorded Violence and Sexual offences. National trends reflect similar increases in recorded crime levels with improved data integrity and efficient crime recording being emphasised nationally. Anglesey is below average compared to its Most Similar Group (MSG) and anticipated to remain stable.
- A further increase of 18% has been observed in 2018/19 year to date. A new process for recording stalking and harassment has contributed to an increase in victim based crime across the force area.
- Anglesey has experienced a reduction of 10% in **Acquisitive Crime**, including residential burglary, in 2018/19 when compared to the same period the previous year. In comparison to its MSG acquisitive crime in Anglesey is below average. Thefts at seasonal events such as music festivals have impacted on recorded levels in the county.

- The number of **repeat victims of crime** (3 or more in 12 months) continues to increase in Anglesey as they do across North Wales as a whole. Over 70 percent of repeat victims are victims of violence; as the changes in the recording processes have had a significant impact on violent crime levels it has resulted in more repeat victims being identified.
- **Antisocial behaviour** reported to North Wales Police is highly seasonal with a significantly higher number of incidents reported during summer months when compared to winter months. Recorded ASB levels in Anglesey are lower in 2018/19 when compared to previous years. Ongoing youth related disorder in Holyhead is being managed through ASB tasking.
- **Hate Crime** in Anglesey has increased significantly in recent months with racially aggravated crime being the most common type. There does not appear to be a pattern to the offending and no repeat victims have been identified; however, there has been a concentration of reports in Holyhead town.
- With a national focus on crime recording integrity, changes in the recording of victim based crime have had a particular impact on domestic related offences. As a result, reports of **Domestic Crime** and **repeat victims of Domestic Abuse** being identified in Anglesey continue to increase.
- Recorded levels of **High Risk Sexual Violence** have remained relatively stable, although there were spikes in offending linked to historic reporting. In comparison to its Most Similar Group sexual violence in Anglesey is above average.
- Repeat adult offenders age 18 and over who have been charged or cautioned for three or more crimes in 12 months. **Adult reoffending** has remained stable in Anglesey for several months. **Youth reoffending** also remains largely unchanged.

#### **MAIN SUCCESSES DURING 2017/18 –**

- Of the 34 actions in the 2017/18 plan, at the end of the year, 33 were green (achieved), and one was amber (work done but not completed).
- The one amber action, was pertinent to the completion of the Gwynedd Domestic Homicide review (DHR). This action was revised in the current plan (new DHR) as the completion of a DHR is rarely completed within a 12 month period.
- The partnership has also revised the performance measures it uses within the plan, we believe the new measures will give a clearer and more accurate picture.
- The partnership has seen a change in the way that Anti-Social Behaviour is being tackled. The Police have led on new multi-agency groups, in order to offer more early intervention. This includes a group which meets weekly, consisting of all housing related services, both statutory and third sector, the Police and other partners.

- A successful campaign was held in November at Ysbyty Gwynedd to raise awareness of domestic abuse amongst the public - in line with the National White Ribbon Campaign
- A campaign was held to raise awareness of crime, substance misuse, sexual abuse and keeping safe for students in Bangor during Freshers week
- The Partnership spent the grants in full in 2017/18 and we anticipate the same in this financial year
- In relation to the situation pertaining to Domestic Homicide reviews, the two County partnership is currently leading on two (both in Gwynedd) one has recently been submitted to the Home Office Quality Assurance panel.
- An operational group in Anglesey – called Vulnerable and risk management meeting (VARM), has recently been evaluated. The panel which has representation from Social Care, Health and the Police, work together to meet the needs of individuals with possible mental health issues, which cause a high demand for services. We are now working to a possible pilot of the same structure in Gwynedd.
- The requirements of the new Welsh Government Act on Violence against women, domestic abuse and sexual violence (VAWDASV) continue to develop. In terms of the new statutory requirements, we have already –
  - Appointed a new regional Advisor
  - Established a regional Board to oversee the development of a new regional strategy and commissioning process
  - Started on the process of reorganisation for the supporting team for this agenda. The future team will be a regional resource, as opposed to the local co-ordinators we currently have in place.
  - Developed a regional VAWDASV strategy, which has been accepted by Welsh Government
- One of the main requirements of the Wales VAWDASV Act is the roll out of the National Training framework. This required all Local Authority staff to receive training at specific levels on Domestic Abuse. Anglesey is one of the best performing LA's in relation to this development, with 76% of Anglesey staff having completed Group 1 of the National Training Framework
- Anglesey County Council has moved forward to identify potential champions and applicants who are qualified to deliver and undertake Groups 2 and 3 (respectively) of the National Training Framework
- The new two County substance misuse service for children and young people has been establishing itself over this period, the team of 5, is almost fully in place –one post remains unfilled, however, they are operational, and building on networks and joint working across the two Counties. The partnership has also been successful in retaining money from the, now, regional grant for VAWDASV, to commission a further 12 months of the Caring dads programme. A voluntary course, which aims to improve the attitudes and behaviour of 'problem' fathers.
- During this period, the partnership sought to undertake a process of consultation with the public, to seek their view on crime and disorder matters, and most importantly to see how safe our citizens feel in our communities. Although the number of responses from Anglesey was low – 86% felt safe or relatively safe during the daytime, and 69% at night. The main worry for residents was the lack of Police on the streets, followed by drug and alcohol issues in the community.

- Emerging as a significant challenge to North Wales, as in many other areas in recent times, has been the County Lines agenda (organised drug gangs), there is a significant threat to North Wales from such gangs, coming from the Manchester and Merseyside areas and establishing drug dealing operations. Much awareness raising has taken place over the last few months, and a two County organised crime gangs group has been set up, led by the Police.
- The 4 designated public place orders (DPPO) which existed in Anglesey have now been through the appropriate channels to be changed into Public Space protection orders (PSPO) these orders are in place to assist the Police in dealing with alcohol related antisocial behaviour.
- The capital investment for improving the Craig Hyfryd building in Holyhead, where substance misuse provision is based, has been approved by Welsh Government. We are currently awaiting Health Board sign off for the development to go forwards.
- A new family worker for substance misuse and mental health, is being jointly developed by Anglesey Children's Services and the substance misuse grant, via the Area Planning Board (regional Board which oversees the commissioning and planning of the Welsh Government substance misuse grant)

#### **THE MAIN MILESTONES DURING 2018/19/20 –**

- Sadly, the partnership is conducting two Domestic Homicide reviews at present, resulting from two deaths in Gwynedd, one in July of 2016 has recently been submitted to the Home Office. The other having taken place in July 2017 is still at a critical stage. The Partnership has a statutory duty to undertake this review. There will be a certain level of commitment and support resources taken up with this activity during the course of this year again.
- During this period, Welsh Government commissioned a further review into community safety on a whole of Wales basis. The main findings have been shared with partners locally, however we still await a detailed plan of the Welsh Government's new strategy on this for Wales. The aim is to have a blueprint for justice matters in Wales
- Continue to work on the transformation of the VAWDASV agenda onto a regional footing.
- Use the local MARAC (multi agency risk assessment conferences –looking at domestic abuse cases) steering group as a conduit to feed into the Regional MARAC review process. Making sure that lessons from the DHR, where pertinent, also feed into that review.
- Implementation of the attached plan. Some of the main developments are –
  - Facilitating increased awareness of *scams* between the Anglesey adult social care service and the trading standards service
  - Work with the Police to identify ways of evidencing the need for continued PSPO's (put in place by the LA)
  - Assess the effectiveness of our new outcome measure
  - Ensure that the local MARAC (Multiagency risk assessment conference – dealing with domestic abuse victims) is fully engaged and contributes to the North Wales MARAC review, which is being led by the Police.

## The North Wales Community Safety Partnerships focus

Whilst the NW Safer Communities Board is focusing at a regional level on mental health, hidden crimes and technology enabled crimes, the Board is asking local CSPs to focus on:

### 1. Prevent Crime and Anti-Social Behaviour

- Reduce victim based crime
- Reduce ASB
- Increase the reporting of Hate Crime
- Support vulnerable people to prevent them becoming victims of crime

## Gwynedd and Anglesey Local Plan

The following 2018/19 plan aims at building on the extensive work which has been undertaken in recent years which has led to a significant reduction in Crime and Disorder in the counties of Gwynedd and Anglesey.

The plan will focus on areas of work which need to be developed during 2018/19, taking into account the recently commissioned Gwynedd and Anglesey Community Safety Survey. Further analysis of these results will help shape some of the outcomes of which we'll be responding to accordingly. The plan will also take into account the strategic assessment objectives and the guidance and priorities that have been established by the Regional Board.

However, we will also note the areas of work which have already been established, but will continue to contribute towards our focus and priority fields.

The Gwynedd and Anglesey priority work areas linked to the PCC Plan and NW Safer Communities Board community safety agenda are:

# County Lines

## What is it?

County lines' is the term used to describe the approach taken by gangs originating from large urban areas, who travel to locations elsewhere such as county or coastal towns to sell class A drugs. Gangs typically recruit and exploit children and vulnerable people to courier drugs and cash. Typically, users ask for drugs via a mobile phone line used by the gang. Couriers travel between the gang's urban base and the county or coastal locations on a regular basis to collect cash and deliver drugs.

## What to look for?

- A child or young person (sometimes as young as 12) in a shopping centre or high street, or on public transport during school hours or unusual hours (e.g. early in the morning, late at night)
- A child or young person who seems unfamiliar with the local area (sent from other areas to sell drugs?)
- A child or young person being approached or intimidated by a controlling peer or group
- A child or vulnerable person who is deliberately avoiding authority figures such as police officers or security guards (maybe selling drugs?)
- More people calling at a local address than normal, sometimes at unsociable hours
- Suspicious vehicles or people at an address
- A neighbour who has not been seen for a while

## Who to contact?

If you have any concerns that a person is being exploited by organised drug gangs then contact police by calling 101, or in an emergency always dial **999**.

If you see something that doesn't feel right, or looks suspicious, you can report your concerns anonymously to Crimestoppers on 0800 555 111, or send an untraceable online form at [Crimestoppers-uk.org](https://www.crimestoppers-uk.org)

# Child Sexual Exploitation

## What is it?

Child Sexual Exploitation or CSE is the coercion or manipulation of children and young people into taking part in sexual activities. It is a form of sexual abuse involving an exchange of some form of payment which can include money, mobile phones and other items, drugs, alcohol, a place to stay, 'protection' or affection. The vulnerability of the young person and grooming process employed by perpetrators renders them powerless to recognise the exploitative nature of relationships and unable to give informed consent.

CSE does not always involve physical contact; it may take place through the use of technology, or consist of a combination of both.

---

## What to look for?

- Going missing for periods of time or regularly returning home late
  - Skipping school or being disruptive in class
  - Appearing with unexplained gifts or possessions that can't be accounted for
  - Experiencing health problems that may indicate a sexually transmitted infection
  - Having mood swings and changes in temperament
  - Using drugs and/or alcohol
  - Displaying inappropriate sexualised behaviour, such as over-familiarity with strangers, dressing in a sexualised manner or sending sexualised images by mobile phone ("sexting")
  - They may also show signs of unexplained physical harm, such as bruising and cigarette burns
- 

## Who to contact?

If you have any concerns about child sexual exploitation you can contact Anglesey Social Services on 01248 752722 or 01248 752733 between 8:45am and 5:00pm.

Alternatively you can speak to a Social Worker on 01248 353551 outside office hours.

You can also contact the police by calling 101, or in an emergency always dial **999**.

You can also report your concerns anonymously to Crimestoppers on 0800 555 111, or send an untraceable online form at [Crimestoppers-uk.org](https://www.crimestoppers-uk.org)

# Radicalisation and Preventing Extremism

## What is it?

Prevent is about safeguarding people and communities from terrorism, and stopping people being drawn towards terrorism or supporting terrorism.

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.

Radicalisation is usually a process not an event. During this process, there will inevitably be opportunities to intervene in order to reduce the risk of the individual being attracted to extremist ideology and causes and safeguard him/her from the risk of radicalisation. It is important to be able to recognise the factors that might contribute towards the radicalisation of an individual.

---

## What to look for?

Radicalisation happens when a person's thinking and behaviour become significantly different from how most of the members of their society and community view social issues and participate politically. Only small numbers of people radicalise and they can be from a diverse range of ethnic, national, political and religious groups. Signs that may indicate radicalisation include:

• Feelings of grievance and injustice	• A desire for political or moral change
• Feeling under threat	• Family or friends' involvement in extremism
• A need for identity, meaning and belonging	• Being influenced and controlled by a group
• A desire for status	• Relevant mental health issues
• Susceptibility to indoctrination	• Over-identification with a group or ideology
• Attitudes that justify offending	• 'Them and Us' thinking

# Modern Day Slavery

## What is it?

Modern Slavery is a serious and often hidden crime in which people are exploited for criminal gain. It comprises of slavery, servitude, forced and compulsory labour and human trafficking and can happen in any community. Whilst vulnerable people are often targeted anyone can become a victim.

## What to look out for?

Victims of modern slavery can be found anywhere. There are certain industries where they are currently more prevalent, such as nail bars, car washes, agriculture and fishing, building sites and the sex industry. Other high risk situations include when there is a need for a sudden injection of workers into the work force, such as seasonal staff or construction for a major event. However victims may also pass through transport hubs, health services and other public places or be found in private homes.

<b>Appearance:</b> Victims may look malnourished or unkempt, or appear withdrawn. They may show signs of physical or psychological abuse.	<b>Isolation:</b> Victims may rarely be allowed to travel on their own, seem under the control or influence of others, have no social contact with others or appear unfamiliar with the area.
<b>Poor living conditions:</b> Victims may be living in dirty, cramped or overcrowded accommodation, or be working at the same place they are living.	<b>Unusual travel times:</b> Victims may be regularly dropped off or collected for work either very early or late at night. They may be driven between locations, rather than arriving or leaving on foot.
<b>Few or no personal effects:</b> Victims may have no identification documents, have few personal possessions and wear the same clothes on a daily basis. What clothes they do wear may not be suitable for the type of work they are doing.	<b>Reluctant to seek help:</b> Victims may avoid eye contact, appear frightened or hesitant to talk to strangers and fear law enforcers. This is often due to them not knowing who to trust or where to get help, fear of deportation or fear of violence to them or their family.

## Who to contact?

- Report it to the police by calling 101 or by using the free anonymous live chat service (if you're in North Wales)
- You can email the Modern Slavery Tactical Advisor DS Zoie Dunkerley at: [MDSunit@nthwales.pnn.police.uk](mailto:MDSunit@nthwales.pnn.police.uk)

- Report it to BAWSO (an all-Wales support provider to people from Black and Ethnic Minority backgrounds) by calling 0800 731 8147

# Domestic Abuse

## What is it?

Domestic abuse is any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality.

---

## What to look out for?

Domestic Violence can encompass, but is not limited to, the following types of abuse:

<b>Psychological:</b> (psychological abuse can be verbal or nonverbal. Its aim is to chip away at the confidence and independence of victims with the intention of making them compliant and limiting their ability to leave)	<b>Financial:</b> (using or misusing money which limits and controls their partner's current and future actions and their freedom of choice)
<b>Physical:</b> (punching, slapping, hitting, biting, pinching, kicking, pulling hair out, pushing, shoving etc.)	<b>Emotional:</b> (verbal abuse such as yelling, name-calling, blaming and shaming. Isolation, intimidation, threats of violence and controlling behaviour)
<b>Sexual:</b> (rape, or any situation in which an individual is forced to participate in unwanted, unsafe or degrading sexual activity)	
<b>Controlling behaviour is:</b> a range of acts designed to make a person subordinate and/or dependent by isolating them from sources of support, exploiting their resources and capacities for personal gain, depriving them of the means needed for independence, resistance and escape and regulating their everyday behaviour.	<b>Coercive behaviour is:</b> a continuing act or a pattern of acts of assault, threats, humiliation and intimidation or other abuse that is used to harm, punish, or frighten their victim."

In December 2015, a new domestic abuse offence to tackle coercive and controlling behaviour was commenced in legislation.
