1 - Recommendation/s

To note the contents of the report and attached documents, and state whether or not the Scrutiny Committee supports the priorities and future direction of the work

2 – Link to Council Plan / Other Corporate Priorities

The Community Safety Partnership is required to formally report to this committee each year to present an overview of activities. This ensures that the Partnership delivers its obligations in accordance with sections 19 and 20 of the Criminal Justice and Police Act 2006.

The committee's duty is to scrutinise the Partnership's work, rather than the work of individual members (bodies).

3 – Guiding Principles for Scrutiny members

The following set of guiding principles will assist Members to scrutinise this subject matter:

- 3.1 The customer/citizen** [looking at plans and proposals from the point of view of local people]
- 3.2 Value** [looking at whether plans and proposals are economic, efficient & effective. Also, looking at the wider requirements of community benefits]
- 3.3 Risk** [Look at plans & proposals from the point of view of resilience and service transformation. It is about the transition from a traditional service to a transformed one, and about the robustness of the transformed service once it is in place]

3.4 Focus on the system (including organisational development) [Ensuring that the Council & its partners have the systems in place to ensure that they can implement transformation smoothly, efficiently and without having a negative effect on service delivery]

3.5 Looking at plans and proposals from a perspective of:

- Long term
- Prevention
- Integration
- Collaboration
- Involvement

[focus on wellbeing]

4 - Key scrutiny Questions

- Does the committee agree with the priorities of the Partnership, which are based on a regional needs assessment process?
- Does the committee agree with the main milestones developed for local delivery over the coming period?
- Does the committee consider the action plan is sufficiently robust, to deal with aspects of the priority areas?
- Does the committee have any requests for specific additional information, to inform future reports
- In view of the current capacity to support the work of the partnership, is the situation sustainable

5 – Background /Context

BACKGROUND -

There is a statutory duty on Local Authorities in accordance with the Crime and Disorder Act 1998, and subsequent amendments because of the Police and Criminal Justice Act 2002 and 2006, to work in partnership with the Police, the Health service, the Probation Service and the Fire and Rescue Service, to address the local community safety agenda. These are the main agencies that make up the Community Safety Partnership. The Partnership has a duty to deal with -

- Crime and Disorder
- Substance Misuse
- Reducing reoffending
- Delivering a strategic assessment to identify priorities (work that is now undertaken on a regional basis)
- Putting plans in place to deal with these priorities (a plan now exists on a regional and local basis)

A partnership has existed in Anglesey and in Gwynedd since 1998. However, it has operated as a two-county Partnership since 2013-14

As a statutory member of the Partnership, it is important that the LA is appropriately represented. This is achieved by the presence of the current Local member with Community safety portfolio, Alun Mummery , and the principal officer with responsibility for the work, Annwen Morgan, who has chaired the group for the past three years (Jointly with an officer from Gwynedd).

THE PARTNERSHIP'S PRIORITIES/DOCUMENTS FOR SCRUTINY -

The partnership works to an annual plan, which is based on a three-year regional plan. The 2018/19 end of year performance report, and 2019/20 plan are attached (appendices 1,2)

Seven priorities attract the Partnership's attention. Here are the priorities for 2018/19 and 2019/20 These priorities are based on a regional strategic assessment, the Police and crime Commissioner's plan, and the regional Safer Communities Board plan. They are -

- Reducing victim based crimes (acquisitive crimes only)
- Reducing Antisocial Behaviour
- Supporting vulnerable people to prevent them becoming victims of crime
- Raising confidence to report incidents of domestic abuse
- Raising confidence to report sexual abuse
- Addressing substance misuse in the area
- Reducing Re-offending

MAIN MESSAGES DERIVING FROM THE ACTIVITY OF 2018/19 –

The Partnership's end of year report is attached. The report shows the situation in relation to the above-mentioned priorities, namely -

- In 2018/19, Anglesey saw increases in **Victim Based Crime** of 20.7%. Analysis evidenced that these increases were due to improvements in crime recording effectiveness, which came into effect in April 2018, rather than an increase in offending. There are again increases in Anglesey this year-to-date (5.5%), however the levels of victim based crime have stabilised over the last few months. The level of victim based crime in Anglesey in comparison to its Most Similar Groups (MSG) is below the average.
- Anglesey has experienced a decrease of -5.7% in **Acquisitive Crime**, including residential burglary, in the first half of 2019/20 when compared to the same period the previous year. In comparison to its MSG, acquisitive crime in Anglesey is well below the average.
- The number of **repeat victims of crime** (3 or more in 12 months) continues to increase in Anglesey in 2019/20 when compared to the same period the previous year. This pattern is again in evidence across North Wales as a whole. Changes in crime

recording processes have had a significant impact on violent crime levels, which has resulted in more repeat victims being identified.

- **Antisocial behaviour** reported to North Wales Police is highly seasonal with a significantly higher number of incidents reported during summer months when compared to winter months. Recorded ASB levels in Anglesey are marginally lower in 2019/20 when compared to the previous year. Repeat victims, locations and high risk vulnerable victims are referred for review to a monthly multi-agency tasking group.

There have been ASB issues up in the Holyhead area of late particularly in and around McDonald's. A lot of work has been done in relation to incidents at McDonald's where PCSO's came up with Problem Orientated Policing plan to overcome problems that were being reported by both staff and members of the public. Through education and engagement in conjunction with McDonald's issues were resolved and the project won an award at the recent North Wales Police Problems Solving Awards.

- **Hate Crime** in Anglesey has decreased by -40.0% in the first half of 2019/20, when compared to the same period for 2018/19, with 24 offences being recorded year-to-date in comparison to 40 for the previous year.
- Reports of **Domestic Crime** in Anglesey have decreased in the first half of 2019/20. **Repeat victims of DA** in Anglesey have also seen a decrease in 2019/20 when compared to the previous year, with 64 repeat victims year-to-date in comparison to 99 for the previous year.
- Recorded levels of **High Risk Sexual Violence** in Anglesey have decreased by -37.7% in the first half of 2019/20 in comparison to the previous year. In comparison to its Most Similar Group, sexual violence in Anglesey is above average.
- **Repeat offenders** are people aged over 18 who have committed an offence on three or more occasions in 12 months; therefore the value for each month is a snapshot of the previous 12 months. The number of **repeat offenders** in Anglesey has remained stable in the first half of 2019/20 and is -61.4% lower in comparison to the previous year.

MAIN SUCCESSES DURING 2018/19 –

- Of the 40 actions in the 2018/19 plan, at the end of the year, 37 were green (achieved), and one was amber (work done but not completed), and two were red (incomplete)
- The one amber action was pertinent to the identification of a new building in Bangor, for Substance Misuse services to work from. This was not achieved, and the work continues to identify appropriate premises.
- The two red actions were in relation to (1) the Welsh Governments requirements to roll out the National Training Framework for domestic abuse within all Local Authorities. In Anglesey this work has progressed well, although not without difficulties, as has been the case in most Local Authorities. Gwynedd LA has also found the implementation of this training to be challenging, although work

continues, and every effort is being made to overcome the obstacles. (2) The second relates to work required to monitor the efficiency of public places protection orders (PSPO), which was not achieved this year, but is now a piece of work being undertaken with the Police (see future milestones).

- The partnership has been using the new performance measures, which were developed at the end of last year.
- During the Christmas holiday period, the Partnership were successful in gaining additional grant monies from the North Wales Area Planning Board (substance misuse) to fund additional metal detectors (for knives etc.) body cameras and funding for the Street pastors in Bangor, to assist the Police during this busy period.
- In relation to the situation pertaining to Domestic Homicide reviews (DHR) the two County partnership is currently leading on one (in Gwynedd). Since the last reporting period, one DHR has been completed, and accepted by the Home Office, although not published because of ongoing safeguarding concerns. Since they became a statutory obligation in 2012, Gwynedd has undertaken 3 reviews, Anglesey have had none to date. Throughout North Wales there have been 8.
- An operational group in Anglesey – called Vulnerable and risk management meeting (VARM), continues to operate in Anglesey, although the final version of the evaluation is still awaited. We are now working to a possible pilot of the same structure in Gwynedd.
- The requirements of the new Welsh Government Act on Violence against women, domestic abuse and sexual violence (VAWDASV), has already led to
 - Appointment of a new regional Advisor
 - Establishment of a regional Board to oversee the development of a new regional strategy and commissioning process
 - Developed a regional VAWDASV strategy, which has been accepted by Welsh Government.
 - This year saw the local co-ordinator working in Anglesey and Gwynedd move to work within the regional team.
- The new two County substance misuse service for children and young people has been establishing itself over this period, and since last reporting, the final member of the team has been appointed.
- The partnership has also been successful in retaining money from the, now, regional grant for VAWDASV, to commission a further 12 months of the Caring dads programme. A voluntary course, which aims to improve the attitudes and behaviour of 'problem' fathers.
- Emerging as a significant challenge to North Wales, as in many other areas in recent times, has been the County Lines agenda (organised drug gangs), there is a significant threat to North Wales from such gangs, coming from the Manchester and Merseyside areas and establishing drug-dealing operations. Over this reporting period, both Local Authorities has been involved in a multiagency effort to develop a County Lines needs assessment for the region. Much awareness raising has taken place over the last few months, and a two County organised crime gangs group has been set up, led by the Police.
- The capital investment for improving the Craig Hyfryd building in Holyhead, where substance misuse provision is based, has been approved by Welsh Government.

Since the last reporting period, planning permission has been granted for the alterations, and work will continue to upgrade during the coming months.

- A new family worker for substance misuse and mental health, based in Anglesey children's services has now been appointed since the last report. Anglesey's Children's services have been working alongside the Police to develop the ACE (adverse childhood experiences) programme of training and support, mainly for Police staff, but also some LA staff and others. Much has been done to improve the quality of reporting of safeguarding issues by the Police into the Children's services, as well as work to improve early intervention and joint working models. The work continues.
- During the past year, we have worked within the two LA's to transition the Partnership's last grant, (Youth offending) as required by Welsh Government into the new Flexible Funding programme. This means, that the partnership no longer receives any direct funding in terms of grant monies. Also, since the last reporting period, the Community safety team which supports this work, has been reduced to one member of staff. Discussions are ongoing in terms of replacing the project and monitoring role, following the departure of the post holder in December 2018. The Domestic abuse co-ordinator has moved to a regional post, as per the conditions of the funding grant. This sees the local team, reduced from 7 members in 2014 to one currently.

THE MAIN MILESTONES DURING 2019/20 –

- Sadly, the partnership is conducting a Domestic Homicide reviews at present, resulting from a death in Gwynedd, in July of 2017. We hope to have the review completed and sent to the Home Office soon. There will be a certain level of commitment required and time taken up with this activity during the course of this year again, by the support officer.
- During this coming period, the Partnership will be engaging with the two County Public Service Board in order to establish how contact and reporting frameworks between the partnerships will work in the future.
- The regional Safer Communities Board has been leading on a rationalisation of regional groups plan, this work is ongoing, but may mean a significant change in the way regional work is undertaken in the future in relation to some Community Safety work streams.
- Undertake the legal process of considering, and possibly implementing a new public spaces protection order in Bangor – including undertaking a public consultation.
- One of the actions which remains incomplete from the last plan, is the review of our PSPO's, of which there are 4 in Anglesey and 7 in Gwynedd. These orders are put in place by Local Authorities and are designed to reduce antisocial behaviour. They are initially meant to be in place for three years, although they can be extended, as is the case with the existing orders. However, because of the change in legislation in 2014, which altered the nature of the orders in 2017, all the existing orders will come to an end in October 2020 (except the more recent order in Bangor). To ensure the orders are reviewed in terms of their evidence base and effectiveness,

we are working with the Police to identify appropriate data, so that informed decisions can be made about the PSPO's next year.

- During the last few years Welsh Government have commissioned a further review into community safety on a whole of Wales basis. The progress reports of all the work plans associated with this development, are shared with partnership members on a regular basis. To date there have been no additional funding opportunities identified. The aim is to have a blueprint for justice matters in Wales
- Anglesey LA have undertaken an audit of the Prevent duty (radicalisation), work is now taking place to address the audit recommendations. This includes the development of a risk based assessment borne out of the regional Counter terrorism Local Profile. It will be a two County plan. Both Counties are fortunately very low level risk areas.
- Working with the Police, disseminate information about safety awareness, and alcohol awareness on fresher's week in Bangor.
- A joint venture between Community safety and Public protection in both Counties has led to the White Ribbon campaign (end violence against women) being supported by licenced taxi drivers.
- We use the local MARAC (multi agency risk assessment conferences – looking at domestic abuse cases) steering group as a conduit to feed into the Regional MARAC review process. For the coming period, this may mean moving to a regional MARAC steering process, this is being proffered as the most efficient way forward by the regional Board, and we are awaiting detail of the new process.
- Both Local Authorities will take part in the Police led work on developing community profiles, with a view to assisting with efficient resource allocation.
- Implementation of the attached plan. Some of the main development are –
 - Raising awareness and monitoring of knife sales to underage people.
 - Contributing towards the work of the Police in terms of developing community profiles
 - Work with the Police to identify ways of evidencing the need for continued PSPO's (put in place by the LA)
 - Ensure that the local MARAC (Multiagency risk assessment conference – dealing with domestic abuse victims) is appropriately merged into the new model for a regional group, if this is the final decision.
 - Introducing the ACE model into Gwynedd, working with Police partners to identify opportunities to improve safeguarding and early intervention.
 - Work with partners on developing the new Integrated Offender management work in the region

6 – Equality Impact Assessment

The annual report does not contain reference to any developments, which are deemed to have an unfavourable impact on any of the protected groups

7 – Financial Implications

The report does not identify any specific financial implications for the Local Authority

Gwynedd and Anglesey Local Plan 2018-19

The following 2018/19 plan aims at building on the extensive work which has been undertaken in recent years which has led to a significant reduction in Crime and Disorder in the counties of Gwynedd and Anglesey.

The plan will focus on areas of work which need to be developed during 2018/19, taking into account the recently commissioned Gwynedd and Anglesey Community Safety Survey. Further analysis of these results will help shape some of the outcomes of which we'll be responding to accordingly. The plan will also take into account the strategic assessment objectives and the guidance and priorities that have been established by the Regional Board.

However, we will also note the areas of work which have already been established, but will continue to contribute towards our focus and priority fields.

The Gwynedd and Anglesey priority work areas linked to the PCC Plan and NW Safer Communities Board community safety agenda are:

North Wales Community Safety Partnership Priorities

While the North Wales Safer Communities Board focuses on mental health, hidden crimes and cyber crime on a regional level, the Board has asked the local Community Safety Partnership to focus on:

1. Preventing Crime and Antisocial Behaviour

- Reducing victim-based crimes
- Reducing Antisocial Behaviour
- Increasing the reporting rate for Hate Crimes
- Supporting vulnerable people to prevent them becoming victims of crime
- Reducing the number of victim-based repeat offences and ASB for victims and offenders
- Working with MARAC to manage the number of victims of repeated Domestic Abuse
- Dealing effectively with high risk cases of Domestic Abuse and Sexual Violence
- Raising confidence to report cases of Domestic Abuse and Sexual Crimes
- Raising awareness of sexual violence among young people

2. Reducing harm and the risk of harm

- Reducing substance misuse
- Reducing the use of drugs and alcohol
- Monitoring Community Tensions

3. Providing an Appropriate Response

- Reducing reoffending
- Understanding and addressing the impact of migration on the community safety agenda

Gwynedd and Anglesey Local Plan

Our local plan looks to implement the above subjects, and based on the importance of each one here in Gwynedd and Anglesey, some matters will receive more attention than others. Also, some work programmes happen regionally, and we may only identify this work in our local plan.

The aim of the follow-up plan for 2019/20 is to build on the extensive work that has occurred in recent years leading to a substantial reduction in Crime and Disorder in the counties of Gwynedd and Anglesey. We acknowledge that overall, crime has recently increased across the country. We also recognise that types of crimes that we have not dealt with previously are emerging, and there is a need to collaborate in different ways to tackle them.

The Plan will focus on areas of work that will be developed during 2019 and beyond. The Plan will be renewed annually. The Plan will also consider the strategic assessment, along with the guidance and priorities established by the Regional Board.

See below our main priorities, with a list of issues we will address during the year. The plan is live, and it may change during the period in response to changes and new challenges.

Actions for developing our structures in future

	2019 actions and projects	Target Date	Responsibility	Outputs and outcomes
	<ul style="list-style-type: none"> All partners are committed to looking at rationalising our regional collaboration structures. The aim is to create structures that are more efficient for our multiagency work in future. Locally, we will participate in the process and respond locally to the changes. Welsh Government has established a specific project to look at improving the response of all relevant agencies to criminal justice matters. The local partnership will consider the work programme the Welsh Government has developed, and ensure commitment and response to the requirements. 	<p>The work will develop over this year, and will possibly continue in 2020. Progress report in (Q3).</p>	<p>North Wales Safer Communities Board</p> <p>Welsh Government - Project board Partnership Members</p>	<p>The work of drawing up the options will be delivered by the Regional Board, and once the changes are agreed, partners will act as needed. This will enable agencies to work in a more effective way in future.</p> <p>The Partnership will commit to receiving information on the programme's expectations, and will respond based on local decisions. By taking advantage of that which is useful and valuable to us in the proposed programme, our ability to respond to offending will improve across the region.</p>

	<p>2019 actions and projects</p> <ul style="list-style-type: none"> • The partnership has identified the need to raise children's awareness of specific crimes that are based on exploitation for the benefit of others - predominantly County Lines crimes. The Schoolbeat Scheme aims to teach these lessons in our schools, including development in this field, in addition to information about crimes involving knives, and child sexual exploitation. • It is acknowledged that acquisitive cyber crime is on the increase. The police are leading in the field of enforcement and a special unit is operational to deal with the matters. The partnership needs better understanding of the type and number of these crimes to identify possible opportunities to raise awareness or target early intervention. 	<p>Target Date</p> <p>The programme will be active throughout the year (Q4).</p> <p>End of year report, to identify trends that could lead to further action.</p>	<p>Responsibility</p> <p>Police/Education - https://www.schoolbeat.org/en/partners/county-lines/</p> <p>Partnership Analyst, and the members regarding further action.</p>	<p>Outputs and outcomes</p> <p>Information shared with children in our schools. This enables the partnership to respond in terms of identifying opportunities.</p>

	<ul style="list-style-type: none"> We are aware that scamming crimes are increasing. The Police, and the Trading Standards services in both Counties wish to collaborate on an awareness raising project by implementing a 'train the trainer' scheme for the volunteer sector. This will enable people who work and who have contact with the public, to share information in terms of how to recognise scams, especially with people who are possibly more likely to be targeted, such as older people. In relation to the above matters, the Police and the Trading Standards services will also be using a Bus to raise awareness of cyber crimes across our communities (a bus that is available from the Welsh Government). This would enable us to reach more people with the important messages in terms of how to recognise scams and report them. After holding awareness raising sessions for the public on safety matters, Isle of Anglesey County Council has identified the need to ensure better access to information on scamming matters. 	<p>This work will be done during the first months of 2019, and a report on progress by (Q2).</p> <p>This work will be done during the first months of 2019, and a report on progress by (Q2).</p> <p>During quarter one, report on progress (Q1).</p>	<p>Police, Trading Standards services in both Counties</p> <p>Police, Trading Standards Services across both counties.</p> <p>Isle of Anglesey Adults Services</p>	<p>Information will be available in terms of how many people we have trained. This will offer people the opportunity to receive information face to face from experts in their communities, and reduce the likelihood that people will be scammed.</p> <p>Specific information based on the main matters raised in the safeguarding session will now be placed on the Council website. The new referral pathway will be implemented locally and awareness raising will be part of the agencies' core work.</p> <ul style="list-style-type: none"> Partners have identified that the challenge of dealing with crimes relating to County Lines are complex and require more attention. Therefore, as a region, we will work with the Police to gather information across the sectors to understand and identify the extent of the problem. This will offer a foundation to go about identifying how to respond as partners in a more effective way. Knife crime is increasing across the country, and although the problem in this area is not on the same scale as seen in other areas, there is a need to respond to the risk. The Police and the Trading Standards services in Gwynedd are collaborating on a scheme to raise awareness in our relevant shops, in terms of selling knives to children and young people. Some shops will also be targeted for 'spot checks' to find any possible lawbreaking, in addition to raising awareness and sharing information packs in general. The intention is to ensure that workers (the Police mainly) understand how ACE can affect individuals, and use this information to secure the best response possible when they are brought to the services' attention. Isle of Anglesey County Council's Housing Service has identified an increase in the number of service users who state that they have mental health needs. Individuals will receive a more suitable response to their circumstances from front-line services.</p> <p>Using the Support and Accommodation Pathway for people with mental health needs, there will be less possibility that the individuals will be targeted by others who wish to take advantage of them and use them as a person, or their accommodation, to facilitate crimes e.g. to carry drugs. <ul style="list-style-type: none"> • A lot of work has been achieved in recent years to identify effective ways of dealing with CSE offences (<i>child sexual exploitation</i>) including new legislation and a regional response scheme. We have also established local groups within children's services to deal with such matters The work continues - <ul style="list-style-type: none"> ○ Gwynedd trading standards services will make CSE training mandatory for everyone who holds a taxi driving licence from this year onwards. ○ Isle of Anglesey County Council will make CSE training mandatory for all Council staff. Additionally, Gwynedd Council offer training to the workforce on CSE, and will be developing packs. • Services have identified that more cases are emerging in relation to harmful sexual behaviour (among children). Therefore, both Councils are looking at ways of responding to this effectively in future. 		<p>Progress report in (Q3).</p> <p>This development will be more long-term work. Therefore, in future, there will be improved understanding and response to cases of harmful sexual behaviour, and it will be possible to identify the number of cases brought to their attention. Also, the North Wales Safeguarding Board will set guidance for the services on taking effective action.

	<ul style="list-style-type: none"> • Have identified the need for a more suitable building for substance misuse services in Anglesey, the Area Planning Board (APB) has received capital funding from Welsh Government to buy suitable buildings in Holyhead. Over the next two years, repairs will be carried out on the building. 	How the work will continue until 2020/21, and report on progress during (Q4)	Regional Planning Board	We always want to encourage individuals to receive support and treatment when they have needs deriving from substance misuse. Having a suitable and quality provision is a large part of delivering this vision. It will be possible to report back on the way the service and service users identify improvements in provision.

	<ul style="list-style-type: none"> Identifying a suitable new building in Bangor is also a priority. The health board is looking at opportunities, and the regional board will collaborate with them to apply for new capital funding, should the opportunity arise. The regional planning board has identified the need to look at a specific regional plan for alcohol. The local partnership will feed into this work, and will act as needed. Following a review across the region regarding the provision of tier 2 services, namely outreach/drop-in service, we have identified the need to provide more of such services. Therefore, more resources will be available through the Regional Planning Board to provide services locally across the two Counties. We have identified that we need to look at our workforce, and assess whether or not sufficient awareness exists in relation to 'parent (s) giving drugs to their children'. This is not a crime that occurs often, but it is important that we ensure that front-line staff are aware of the matters and how to deal with them. 	<p>No specific timetable - report as opportunities arise</p> <p>Six months to prepare a draft strategy. Until this happens, the services work from partner buildings.</p> <p>We recognise that alcohol can cause harm to individuals, families and communities, and there is a need to look at evidence in terms of what works, in order to create a strategy to reduce the harm. All partners will commit to realise the strategy, with the intention of reducing the harm alcohol misuse can cause. The strategy will identify a way of assessing the impact as part of the development.</p> <p>Planning work will take place between the partners to identify which additional services are needed in both Counties, and where. Then, we will develop new services and monitor the impact over the contracts period. The intention is to ensure that individuals who favour services in the community, and those less formal, come forward to receive support.</p> <p>XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX</p>

	<ul style="list-style-type: none"> We have identified the need to strengthen the support we offer families in Anglesey, where there are substance misuse/mental health issues. This provision is already available in Gwynedd, through funding from the area planning board. Therefore, we will develop an additional resource in Anglesey Children's Services. 	Resource in place by April. Progress report in (Q2).	Area Planning Board/Isle of Anglesey Children's Services	This post will add to families' resilience and ability to deal with these matters, and therefore, fewer families will develop to need more intensive services.

	<ul style="list-style-type: none"> The Regional Board has considered establishing a Regional Management Board for youth justice services. If a Board will be established, there will be opportunities to share good practice. However, as we have local Management Boards also, we will review the arrangement to ensure that work is not duplicated and there are no losses to local benefit, when operating in the new way. Both counties' Youth Justice Services have reviewed their structures and have decided to establish a new strategy. This will lead to a plan that is more effective in the existing financial climate, and is able to give consideration to the type of new offences we see developing, such as County Lines. The Integrated Offender Management scheme (IOM) will change the type of offenders who will be targeted. We have identified that these are the individuals who cause the greatest harm to communities. 	<p>A two year strategic plan and Implementation plan will be in place by 5th August</p> <p>Operational throughout the year. Those who will be targeted from now on will be those charged with domestic violence or organised crime gang related offences. This will enable the scheme to work with individuals we consider to cause the greatest harm to communities. We should see a reduction in the number of offences from these</p>

	<ul style="list-style-type: none"> The youth justice service (YJS) identified that a large number of children who enter the service suffer from attachment and trauma related issues.
