Local review

Finance

Local review of financial management resources. A key strand of our Corporate Assessment will focus on the Council's management of its financial resources. However, the proposed timing of our Corporate Assessment will be too late for its conclusions to inform the Council's planning for 2015-16. The Council has therefore agreed that we should review the robustness of its financial management arrangements during early 2014-15.

Timing – July to August 2014.
