Business Management Support (in respect of Item 4)

1 APOLOGIES

As noted above.

2 DECLARATION OF INTEREST

None received.

3 MINUTES

The minutes of the special meeting held on 12 December, 2018 were confirmed.

Arising thereon

GwE Annual Report 2017/16

Reference was made that GwE had invited Members of the Schools Progress
Review – Scrutiny Panel to shadow the work of GwE in schools during specific

visits. A question was raised whether arrangement has been undertaken to arrange such visits. The Scrutiny Officer responded that the Education Department are currently discussion the arrangements for Members to shadow the work of GwE in schools during visits and an update will be afforded to the Schools Progress Review – Scrutiny Panel at its meeting to be held on 15 February, 2019.

4 REGIONAL PARTNERSHIP BOARD

Submitted – a report by the Head of Adult Services in relation to the above.

The Leader of the Council and Portfolio Holder for Social Services reported that the work of the Regional Partnership Board provides strategic guidance to all partners supporting individuals to maintain their health and wellbeing within communities which is consistent with the Councils goal to support vulnerable adults and families to remain safe, health and independent. She noted that Part 9 of the Social Services and Well-being Act 2014 requires that each region in Wales establishes a Regional Partnership Board to oversee Partnerships and Integration of services. The North Wales Regional Partnership Board was established in April 2016. The Act required that a Regional Partnership Board needs to manage and develop services to secure strategic planning and partnership working between local authorities and Local Health Boards and to ensure effective services, care and support are in place to best meet the needs of their respective population. Membership of the Board is mandated and includes representatives from the Health Board, Local Authorities as well as the third and independent sector representatives. The Board has co-opted members from Wales Ambulance Service, Fire Service, Police and Housing onto the Board. The Board must also have a Carer and service user representative. It was said that the Regional Partnership Board has been supported by the Head of Regional Collaboration and Regional Collaboration Team hosted in Denbighshire County Council.

The Leader gave an insight to the achievements to date as noted within the report as follows :-

- Learning Disability Strategy
- Carers Strategy
- Integration Work (Pooled Budgets work and ICF work)
- Boards accountable to the Regional Partnership Board and their achievements to date
- North Wales' response to a 'Healthier Wales'
- The Regional Partnerships Boards Influence Locally

The Head of Adult's Services reported that statutory guidance relating to the implementation of the Social Services and Well-being (Wales) Act 2014 requires local authorities to make arrangements to promote co-operation with the relevant partners and others, in relation to adults with needs for care and support, carers and children. Part 9 of the Act also provides for partnership arrangements between local authorities and Local Health Boards for the discharge of their functions. Under the Act, Local Authorities and Local Health Boards are required to establish Regional Partnership Boards to manage and develop services to secure strategic planning and partnership working between local authorities and Local Health

Boards and to ensure effective services, care and support are in place to best meet the needs of their respective population. He reported that the work of the Regional Partnership Board is strengthening over time and being part of the Board allows all local authorities to access grant funding provided by the Welsh Government towards improving provision.

The Committee considered the report and raised the following :-

- Questions raised as to whether there is joint working between the Regional Partnership Board and the Public Services Board and the main difference between each Boards. The Head of Regional Collaboration – Business Management Support responded that the Chair of the Gwynedd and Anglesey Public Services Board is a member of the Regional Partnership Board and topics which are relevant to both Boards is shared. She noted it is imperative that the work undertaken by both Boards does not overlap as Welsh Government has unfortunately placed an expectation as regards to the Social Services and Well-being Act on both Boards. The Regional Partnership Board role is to formulise regional frameworks and strategies;
- Reference was made that the Regional Partnership Board produced a Population Needs Assessment in 2017 which assessed the care and support needs of the population in North Wales. Statistics shows that Mental Health issues are on an increase and greater numbers of people are committing suicide; questions arose as to whether the Regional Partnership Board is able to tackle or respond to this issue. The Head of Adult's Services responded that the Regional Partnership Board has submitted a bid which totals £2.3m to Welsh Government to support improvements in Mental Health care and to be able to guide people to the services required swiftly. Work is being undertaken to train frontline Ambulance personnel to be able to identify people who are in crisis and who have Mental Health needs. Crisis cafes are to be developed to allow people access to facilities and assistance when faced with mental health problems. The Leader of the Council expressed that having all the agencies within the Regional Partnership Board is beneficial to be able to highlight issues of concern and especially Mental Health issues. The Head of Regional Collaboration – Business Management Support said that the third sector is paramount as they are able to help to give support and advice locally to people who need assistance. The Head of Adult's Services reported that work is undertaken in respect of Mental Health which is not necessarily undertaken by the Regional Partnership Board. He noted that work is undertaken locally through the Local Implementation Team and through Mental Health Partnership Board; he suggested that a report be submitted to a future meeting of the Partnership and Regeneration Scrutiny Committee outlining the work undertaken as regard to Mental Health;
- Reference was made as to the Regional Partnerships Boards influence locally and specifically to the services identified within the report as regards to the Integrated Care Fund schemes. Questions were raised if all the schemes within the report have been delivered. The Head of Adult's Services reported that most of the services now exist i.e. Nighowls, Step-up/Step-down capacity in Care Homes and Extra Care, Paramedic supporting Môn Enhanced Care, Development of 4 Llawr y Dref flats to support clients with a disability, Planned Hospice Beds in Ysbyty Penrhos Stanley, Holyhead to be available summer

2019, Domiciliary Care and Investment in Small Group Homes Project for Children's Services;

- The Vice-Chair referred to the over spend within Children's Services and questioned whether the Regional Partnership Board is assisting the local authority. The Leader of the Council responded that the Regional Partnership Board has submitted bids as part of Welsh Government's Transformation Fund to respond to their focus of a 'Healthier Wales' programme and children's services is part of these bids. The total of the bids is £3m over two years across the region to enable early intervention to be put in place. The Leader further noted that this authority has put in place an 'edge of care' team and the experienced gained locally has assisted the Regional Partnership Board in formulating the bidding process;
- Questions raised as to the challenges the Regional Partnership Board is facing. The Leader of the Council responded that there has been a challenge in attaining people from the statutory organisations to attend the meeting but commitment to the Board has improved recently. She noted that the Regional Partnership Board is held on a monthly basis and as Portfolio Holder for Social Services the Leader is this authority's representative as well as being a representative on the Public Services Board.

The Chief Executive reported that it has been a challenge to establish the Regional Partnership Board and the immense functions it includes. Some of the functions of the Board include :-

- Ensuring Regional Response to the Population Needs Assessment;
- Promoting Pooled Funds where appropriate and where mandated;
- Prioritise integration in specific services : Older Peoples Services, Learning Disability Services, Carers, Integrated Family Support Services and Children with Complex Needs;
- Ensuring appropriate information, advice and assistance is available for the local population.

He noted that extensive discussions has been undertaken by the Board as regards to young children needs and issues. The Police Authority has undertaken a prominent role within the Adverse Childhood Experiences (ACE's) services.

It was RESOLVED:-

- **To accept the report as an update regarding the role and purpose of the Regional Partnership Board**
- **That a report be submitted to a future meeting of the Partnership and Regeneration Scrutiny Committee outlining the work undertaken as regard to Mental Health and the work undertaken by the Mental Health Partnership Board.**

ACTION : As note above.

5 WORK PROGRAMME

Submitted – a report by the Scrutiny Officer on the Committee’s Work Programme to July 2019.

It was RESOLVED to note the Work Programme to July 2019.

ACTION : As above

**COUNCILLOR GWILYM O JONES
CHAIR**

ISLE OF ANGLESEY COUNTY COUNCIL Scrutiny Report Template	
Committee:	Partnership & Regeneration Scrutiny Committee
Date:	12 March 2019
Subject:	Health & Social Care Developments in the Community for Adults
Purpose of Report:	To provide an update to members regarding areas of joint working and scrutinise partnership arrangements
Scrutiny Chair:	Cllr Gwilym O Jones
Portfolio Holder(s):	Cllr Llinos Medi Huws
Head of Service:	Alwyn Rhys Jones
Report Author:	Alwyn Rhys Jones
Tel:	01248 725707
Email:	Alwynjones3@ynysmon.gov.uk
Local Members:	N/A

1 - Recommendation/s
The Partnership and Regeneration Scrutiny Committee is requested to: Scrutinise information in this report regarding areas where the Health Board and Isle of Anglesey County Council are working in partnership to change how support is provided within communities.

2 – Link to Council Plan / Other Corporate Priorities
<ol style="list-style-type: none"> 1. These areas of joint work aim to better support individuals to maintain their health and wellbeing within communities. 2. This goal is entirely consistent with the Council’s goal to support vulnerable adults and those in need of support to remain safe, healthy and independent.

3 – Guiding Principles for Scrutiny Members
To assist Members when scrutinising the topic:-
3.1 Impact the matter has on individuals and communities [focus on customer/citizen]
3.2 A look at the efficiency & effectiveness of any proposed change – both financially and in terms of quality [focus on value]
3.3 A look at any risks [focus on risk]

3.4 Scrutiny taking a performance monitoring or quality assurance role **[focus on performance & quality]**

3.5 Looking at plans and proposals from a perspective of:

- Long term
- Prevention
- Integration
- Collaboration
- Involvement

[focus on wellbeing]

?

4 - Key Scrutiny Questions

1. What are the impacts of the current joint working arrangements and how are these influencing outcomes for service users?
2. Are there any specific risks associated with these arrangements that may have an impact on service resilience or early intervention strategies to manage demand?
3. What plans are in place to further develop current partnership arrangements between the Health Board and the Council?
4. Are there any specific areas of partnership working that the Committee would wish to explore in further detail?

5 – Background / Context

This paper provides an overview of 4 areas where Anglesey County Council is working closely with our partners in BCUHB to alter the pattern of care and support provided to adults in Anglesey.

These areas of work will be fundamental in changing our approach over the coming years. The areas covered are **Clusters, Community Resource Teams, Mental Health Developments and the work of Linc Cymunedol Mon.**

1. Clusters

In order improve Primary Care Practitioners ability to support their communities the GP Cluster Model is being strengthened across North Wales. A cluster is a group of primary care practitioners who work together in defined geographic areas to ensure appropriate services, and support are available locally delivered within that area.

In Anglesey there is one cluster.

Recent improvements locally include

- Capacity has been increased through additional **Physiotherapists** and **Pharmacists**. Advanced Practice Physiotherapists allow people presenting with musculoskeletal problems to be seen locally by an Advanced Physiotherapy Musculoskeletal (MSK) Practitioner as an alternative to seeing their GP. The Physiotherapy led service provides a fast local access and early management for

patients, preventing clinical deterioration and the risk of developing chronic conditions.

- **Care of the Elderly GP (COTE)** supports patients in care homes and supports the delivery of TEPs (Treatment Escalation Plans) to reduce inappropriate admissions to Secondary Care.
- **Social Prescribing** – funding 3 Local Asset Co-ordinator working as part of Community Link Mon, Medrwn Mon. All 7 Local Asset Co-ordinators are in post and have been linked to individual practices in order to support Primary Care. The social prescribing service has been introduced to the Cluster area to achieve more appropriate use of health and social services, improve health and well-being outcomes and enable patients to be pro-active in managing their own conditions and well-being. The service proposes to maximise the use of community assets, build on the use of volunteers and existing voluntary services so that people can access the right support and be accessible to as many people as possible within the community.

GPs can now refer patients for LAC support electronically in a click of a button from their clinical system and frequent attenders have been identified in each practice to receive support from the LACs .

- **FALLS Prevention** : Falls and fractures in the elderly are extremely damaging to patient quality of life and place a large demand on primary, community and secondary care services. High risk patients over the age of 65 were invited for an assessment carried out by advanced clinical pharmacists to aid reductions in the risk of falls for those individuals
- Anglesey cluster have been working closely with the Mental Health and Wellbeing centre Abbey Road to set up support provision for Tier 0 Mental Health patients within the practice setting initially before patients attend the Abbey Road centre directly for support
- Cluster meetings have been themed meetings over the year focusing on specific priority areas including Mental Health, Children's Services and Public Health.

Anglesey cluster will be focusing on and further developing the following areas from April 2019 onwards.

- Social Prescribing Model working with Medrwn Mon developing the service further around the community hubs in order to pull patients away from the GP practice.
- Further work with the Police and Crime Commissioner in developing the SPOA and early intervention support for vulnerable people and their families. This includes supporting the roll out of the 2 Children and young People LACs that will be funded by Children's Services following the success of the LAC model.
- Full launch of the Anglesey Social Prescribing model in April

2. Community Resource Teams

Within the Anglesey Cluster there will be 3 Community Resource Teams (CRT). The CRTs will cover three areas of the island consistent with the domiciliary care patches recently tendered for.

Within each area, there will be office space that will allow staff from across Health and the Local Authority to work alongside each other and access their own IT networks / systems. Within each area, there will also be at least one easily-accessible space (either a permanent space or somewhere that can be rented / utilised as needed) that will allow MDT patient centred discussion. In practice the development of CRTs in Anglesey will mean that our Adult Social Workers and Occupational Therapists will primarily work from these locality bases,

In the short term our goal is that the CRTs will include the following core roles .

- GP
- COTE (Care of the Elderly Staff)
- Community Nursing
- Social Worker (adults)
- Social Work Practitioner (adults)
- Domiciliary Home Care Provider (adults).
- Physiotherapists
- OTs (Health and Local Authority)
- Local asset coordinators
- CPN/Older Persons Mental Health
- Advanced Nurse Practitioner; Advanced Paramedic Practitioner; Urgent Care Practitioner.

The goal of the CRT is that by the end of 2019/20 all adults living in Mon will have simple and direct access to a Community Resource Team. Teams will provide a seamless service by providing a co-ordinated approach to health & social care. They will build on individual strengths and community networks and draw in specialist support where necessary to promote wellbeing and enable individuals to live their lives as they want to live them.

Some support will exist at locality/cluster level, and will be shared across all areas. Examples include Income and Charging Support, Specialist Medical Services – Diabetes, Heart Failure. Etc, Podiatry, Dieticians, Speech and Language Therapy and Arts Therapy, Mental Health Support Workers, Specialist Nursing and Housing

Other specialist roles will be available to pull in, from a Gwynedd & Mon, West or North Wales team. These roles will still form part of the CRT, but will not be present or available on such a regular basis. They include Welsh Ambulance Service including other emergency response teams and Adults and Children Safeguarding Teams

The CRTs will be

- configured to meet demand both in and out of hours.
- will be central to developing resilient communities
- support monitoring of high risk patients to support admission avoidance and support early discharge from hospital and support people back into their communities

- Providers of Information Advice and Assistance/ Single Point of Access across Health & Social Care

Each person who needs support will be assigned a support coordinator to work alongside them, pulling in support from elsewhere as needed.

3. Mental Health Developments within our communities

For each local area of North Wales Local Implementation Teams have been developed to ensure implementation of the changes to mental health services set out in the strategy "Together for Mental Health in North Wales." Anglesey and Gwynedd Local Authorities work in partnership with the Health Board as part of the LIT.

The LIT aims to

- Use the 5 Ways to Wellbeing as the foundation of emotional and psychological wellbeing
- Working with voluntary and third sector agencies to review their role with people at risk of severe mental health crises
- Developing local alternatives to admission: crisis cafes, sanctuaries, strengthened home treatment services, step-down services
- Ensuring Welsh language needs are considered and provided for throughout mental health service provision
- Working with statutory, voluntary and third sector agencies to review the unmet needs of people with mental ill health and working to ensure gaps in service provision are addressed
- Creating platforms to engage with citizens around the mental health agenda
- To undertake engagement events with the public and professionals to raise awareness of the LIT and its work including promotion of the ICAN campaign

Indicators of progress in addressing this priority will include:

- The number of admissions to local mental health inpatient care
- The number of placements of local people in services outside North Wales
- The number of detentions of people under S. 136 of the Mental Health Act
- The improved experience of local people who have a mental health crisis

Since its inception in 2017 the Local LIT has shaped and progressed the following developments

Emergency/Crisis care:

- I-Can centre in Ysbyty Gwynedd providing 'safe space' for people with mental health issues who attend Emergency dept. The centres are open during the evening/night and staffed by volunteers.
- A local work group looking at the development of the crisis café model
- In Ynys Mon we have worked with Digartref Ynys Mon and focussed on support for homeless people.

- A significant amount of work has been undertaken to analyse the data regarding use of S136 MHA in order to understand the local patterns and work with partners to look at alternatives.

Well-being: (We have adopted Public Health Wales' 5 ways to wellbeing as our approach to meeting this objective)

- There has been a significant emphasis on working with partners across the sector to co-ordinate our approach.
- We held a workshop with key agencies to learn about who's doing what.
- There is an emphasis on developing group work in the Community Mental Health Team (CMHT) eg, mindfulness, anxiety management, eco-therapy
- The support services team facilitate a range of group opportunities e.g, badminton, walking, healthy eating, running, as well as running weekly well-being groups.
- The support services team is currently exploring ways of using the Council website as a platform to provide up to date information on what's available.
- The focus on all the group work is to promote Recovery and working with partner agencies, using local resources and promoting user participation.

Housing:

- We have developed a Mental Health Housing pathway in order to ensure that people with mental health issues are provided with equal opportunities in securing appropriate accommodation. A multi-agency group meets regularly to identify and prioritise housing needs.
- The Supporting People team has commissioned an additional 5 units of mental health supported housing through its contract with Wallich.
- A 'step-down' pilot project has been developed by the Council's Housing dept.

Awareness raising:

- A Conference was held in July 2018 with an emphasis on learning from people's experiences
- A programme was developed with local barbers on international men's day to raise awareness of mental health.
- An awareness raising training package has been developed and will be rolled out to staff in other settings eg, bar staff, taxi drivers, nail bars etc. – any venue where people are likely to discuss their mental health.

This partnership approach aims to better support individuals and prevent unnecessary escalation of their needs

4. Link Cymunedol Mon work with Medrwn Mon

Medrwn Mon as the Local CVC have been a vital partner in assisting both Health & Social Care Services to support communities differently through the development of Link Cymunedol Mon.

This devolved information advice and assistance service assists Anglesey County Council to meet our Statutory Duty under Social Services and Well-being (Wales) Act

2014 and supports the health board in maintaining individuals independence in the community.

The service is funded by a pooled budget between Medrwn Môn, BCUHB, Anglesey GP Clusters and Anglesey County Council and operates a Email and phone line service, 9am and 5pm, Monday-Friday and is based in the Medrwn Môn in Llangefni.

Dedicated Link Officer handle all enquiries and referrals- deals with requests for information or advice, or will pass referrals on to one of a team of 7 LAC's (Local Asset Co-ordinators) referred to earlier in this report.

The support is available to those members within our community who may be feeling isolated or lonely, or would simply like to take part in more activities in their local area. Referrals in to the service can be made by a number of partners including Social Workers, GP's, Community Mental Health Teams, Physiotherapists, Third Sector Organisations or by the person themselves.

LAC's work on a one-to-one basis with individuals, helping to identify activities and solutions to reconnect them with their communities. This could include initially supporting them to attend activities but also to identify similar people within their communities to create long-term networks of support. Each LAC is based in or around GP's surgeries and community hubs.

6 – Equality Impact Assessment [including impacts on the Welsh Language]

Equality Impact Assessment of Individual Projects and Schemes is available by request.

7 – Financial Implications

From a financial perspective all work carried out in partnership occurs either from within current allocated staff and resources, or is sourced from Integrated Care Fund or other grants which partners have access to.

ISLE OF ANGLESEY COUNTY COUNCIL <u>Scrutiny Report Template</u>	
Committee:	Partnership and Regeneration Scrutiny Committee
Date:	12 March 2019
Subject:	Progress report on the delivery of the Wellbeing Plan for the Gwynedd and Anglesey Public Service Board
Purpose of the Report:	To submit a progress report on the work of the Anglesey and Gwynedd Public Service Board
Scrutiny Chair:	Cllr Gwilym O Jones
Portfolio Member(s):	Cllr Llinos Medi
Head of Service:	Not relevant
Author of the Report:	Nonn Hughes Gwynedd and Anglesey Public Services Board Programme Manager
Phone Number: E-mail:	01286 679906 NonnGwenllianHughes@gwynedd.llyw.cymru
Local Members:	Not relevant to any specific Ward

1 – Recommendation/s
It is requested that the Scrutiny Committee notes: 1. the progress of the work of the Public Service Board

2 - Link to Council Plan / Other Corporate Priorities
The Isle of Anglesey County Council is committed to the principles within the Well-being of Future Generations (Wales) Act 2015. The Council provides a range of services which will fulfil its individual well-being objectives, as well as contributing to supporting the well-being objectives of the Public Service Board.

3 – Guiding Principles for Scrutiny Members
To assist Members when scrutinising the topic:-
3.1 Impact the matter has on individuals and communities
3.2 A look at the efficiency & effectiveness of any proposed change – both financially and in terms of quality.
3.3 A look at any risks
3.4 Scrutiny taking a performance monitoring or quality assurance role
3.5 Looking at plans and proposals from a perspective of: <ul style="list-style-type: none"> • Long term • Prevention • Integration

- Collaboration
- Involvement

4 - Key Scrutiny Questions

1. How do the Public Services Boards two objectives help the Council in meeting its objectives under the Council Plan 2017-2022 and will they support each other in the longer term?
2. How will the PSB know that the priorities it has set itself are being successfully tackled?
3. What consideration has the PSB given to the long-term trends that could affect the areas of work that have been set?
4. Are the areas of work that have been set by the PSB for the short, medium or long term?
5. What practical steps will the PSB be undertaking to integrate their priorities into plans and strategies of other public bodies?

5 - Background / Context

5.1 Introduction and context

5.1.1 The aim of the Well-being of the Future Generations Act (2015) is to improve the economic, social, environmental and cultural well-being of Wales. The Act highlights seven well-being goals and five ways of working in order to give public bodies a common purpose.

5.1.2 The Gwynedd and Anglesey Public Services Board was established in 2016, in accordance with the Well-being of Future Generations (Wales) Act 2015. The decision made by the Anglesey Executive at the time was to establish a Public Services Board. (PSB) for Anglesey which would *collaborate* with the Gwynedd Public Services Board.

5.1.3 The PSB Well-being Assessment for the Anglesey well-being areas was published in May 2017 and, following a series of engagement and consultation sessions, the Well-being Plan was published in 2018. The Well-being Plan confirms the two objectives and six priority fields for which it was agreed that the Board could collaborate in order to ensure the best results for the residents of Gwynedd and Anglesey. Therefore, priority areas relevant to both Counties were agreed upon and the PSB will respond to these matters jointly across both Counties.

5.2 An update on the progress of the sub-groups

5.2.1 The PSB agreed on priority areas to achieve the above objectives. Four sub-groups have been established under Objective 1 as follows:

5.2.2 Objective 1 - Communities which thrive and are prosperous in the long-term

The Priority	Areas of work that have been set	Report on progress
<p>“The Welsh Language: We will work together to increase the use of the Welsh Language within public bodies in Gwynedd and Anglesey. We will promote the use of Welsh as the preferred language of communication between public bodies across both counties”.</p> <p>The Welsh Language sub-group is led by the Professor Jerry Hunter.</p>	<p>To share good practice on language issues, to try to ensure greater consistency in the way in which the Welsh language is used within the organisations, leading to more consistent user experience.</p> <p>Give consideration to language issues from the citizen's perspective</p> <p>A child's language and linguistic journey and the barriers preventing</p>	<p>The sub-group submitted a request to the Welsh government to support the ' ARFer ' project which enables the public bodies to share good practice in dealing with linguistic habits, and the understanding of behavioral psychology. It is envisaged that this will lead to the development of the use of Welsh amongst Welsh Language speakers who do not use Welsh. Bangor University will expand the programme and test its effectiveness in a variety of different contexts.</p> <p>The sub-group is interested in transferring ideas and schemes to promote the use of the Welsh language from one institution to another. The intention is to understand the reason for the preferred language from the perspective of service users, and to make the language choice easier and more obvious to the users.</p> <p>The sub-group will work with organisations already undertaking work in this particular</p>

		them from holding on to the language.	area to improve understanding, and work in collaboration to add value.
<p>"Homes for local people. We will work with the housing sector to ensure more suitable and affordable housing in the right places to meet local needs. We will work together to ensure that homes are of a high quality that meets the needs of residents "</p> <p>The housing sub group is led by Ffrancon Williams, chief executive of Cartrefi Cymunedol Gwynedd.</p>	<p>The sub-group is considering options for joint working on innovative housing schemes to avoid duplication, working in isolation and to achieve economies of scale.</p> <p>It's an innovative scheme and encourages collaboration between organisations within the housing sector. It will allow more suitable and affordable homes.</p>	<p>The sub-group will develop a detailed business case to</p> <ol style="list-style-type: none"> 1. Appraise innovative housing models. 2. produce a financial case and determine funding arrangements for the schemes 3. Develop innovative housing in our communities. 	
<p>"The impact of poverty on the wellbeing of our communities. We will develop a detailed understanding of how poverty affects our areas and seek to ensure that the work undertaken in the field across public bodies is more effective in mitigating long term impact "</p> <p>Sub-group leader to be agreed.</p>	<p>Board members will consider assessing the impact on poverty in their equality impact assessments when introducing policy/changes.</p>	<p>The sub-group will emphasise the relationship between equality and poverty and develop a tool to extend equality impact assessment-to also include the effects of poverty.</p>	
<p>"The impact of climate change on the wellbeing of our communities. We will work together locally to mitigate the effects of climate change on our communities ".</p> <p>The climate change sub-group is led by Sian Williams, North West Operations manager, Natural Resources Wales</p>	<p>In the short term, review existing data, strategies and policies relevant to coastal communities that are at risk from the impacts of climate change in Gwynedd and Môn.</p> <p>Consider options to develop an analytical tool that will enable a more detailed</p>	<p>The work will enable the PSB to consider the impacts of climate change on the delivery of public services to communities in the area.</p> <p>The sub-group will present a project plan to the BGC in March 2019 to identify the project stages and resources.</p>	

	understanding of climate change issues.

5.2.3 The two priority areas of ' health and care of adults ' and ' the welfare and achievement of children and young people' contribute towards Objective 2. It was agreed to establish one sub-group to address the two priorities – The West integrated Health and Social Care Group.

5.2.4 Objective 2- Healthy and independent residents with a good quality of life

The Priority	Areas of work that have been set	Report on progress
<p>“Health and care of adults: we will work with the Regional Partnership Board to ensure that the services planned for the older population meet local needs. We will collaborate locally to plan a wide range of preventative activities for adults to enable them to live healthy and independent lives”.</p> <p>“The welfare and achievement of children and young people: we will plan preventative services and activities together to support families before the need for intensive services arises. We will encourage children, young people and families to improve their health so they can live healthily and independently within their communities in the long term ”.</p> <p>The integrated health and Social care sub-group Is led by Ffion Johnstone, Area Director for West Wales, Betsi</p>	<p>The health and care Sub Group has been established. The main purpose of the group is to ensure effective delivery of health and care services. The sub-group agreed that the group needed to draw up further sub-groups to work on specific issues of adults, children, mental health and well-being, so that they could undertake their functions in health and care effectively.</p>	<p>An action plan will be developed by the integrated health and Social care sub-group and presented to the Public Services Board. The subgroup wanted to ensure that robust integrated governance arrangements were in place before they developed the action plan.</p>

5.2.5 The above outline action plans were approved at the meeting of the Public Services Board on 10th December 2018. The Board requested that the sub-groups provide further details. Detailed action plans will be submitted to the PSB on 13th March 2019.

5.3 Delivery

5.3.1 The five sub-groups noted above are accountable to the Public Service Board in relation to delivering any work commissioned. The groups will also recommend the future direction of the specific work fields. The sub-group leaders are expected to report back on progress every quarter to the Gwynedd and Anglesey Public Services Board. The period of delivering the objectives will be an opportunity for PSB partners to show their willingness and commitment to working collaboratively and innovatively on achievable plans.

5.3.2 The PSB acts in accordance with seven principles, namely the five national sustainable development principles noted above, together with two which have been added by the Board, namely 'The Welsh language' and 'Equality'. This means taking action in a way which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

5.3.3 In order to respond to the timetable within the Well-being of Future Generations Act the PSB will publish an annual report by August 2018. The PSB will submit the annual report to the Anglesey Scrutiny Committee prior to that for observations.

5.4 Scrutiny Arrangements

5.4.1 The Board's work will be checked regularly by the Scrutiny Committees of Gwynedd Council and the Isle of Anglesey County Council. The PSB will prepare an annual report to set out progress as it seeks to deliver the well-being objectives. A copy of every annual report will be sent to Welsh Ministers, the Commissioner, the Auditor General for Wales and the councils' scrutiny committees.

5.4.2 The well-being act and the associated national guidance¹ set out 3 main roles for local authority's scrutiny committees in providing democratic accountability to the public services Board:

- Review of the governance arrangements of the PSB
- Acting as statutory consultees on the well-being assessment and well-being plan

¹ Guidance for Local Authority Scrutiny Committees on the scrutiny of Public Services Boards

- Monitoring progress on the PSBs implementation of the well-being plan and engagement in the PSB planning cycle;

5.4.3 The Public Services Board is currently subject to scrutiny by the designated Scrutiny Committees of Gwynedd and Anglesey local authorities. At the establishment of the PSB it was agreed that a joint scrutiny panel between the two counties would be developed to undertake this work across Gwynedd and Anglesey. Scrutiny Officers from both the Isle of Anglesey County Council and Gwynedd Council will address the key actions in relation to the establishment, over the coming months.

5.5 Resources

5.5.1 Management and administrative support for the Board is provided by the Isle of Anglesey County Council and Gwynedd Council. The Board's support team has been established and undertakes its role in full to support the work of the Board and the associated sub-groups.

5.5.2 Resources for delivering the work of the sub-groups will be the responsibility of all statutory members equally. The contributions will be agreed and reviewed by the Board as and when necessary.

6 – Equality Impact Assessment [include impact on the Welsh language]

6.1 The delivery sub-groups will prepare equality and language impact assessments, where appropriate, in line with their implementation plans. The impact assessments will be live documents which will change and evolve alongside the delivery work.

7 - Financial Implications

8 - Appendices

9 - Background Papers (please contact the Report author for any further information):

PARTNERSHIP AND REGENERATION SCRUTINY COMMITTEE WORK PROGRAMME: 2017/2018→2019/2020

Chair: Councillor Gwilym O Jones
Vice- Chair: Councillor Robert Llewelyn Jones

This document summarises the forward work programme of the Partnership and Regeneration Scrutiny Committee Work Programme for the period May 2017 onwards, as a rolling programme and purposeful Scrutiny planning tool. The forward work programme will be submitted to each ordinary meeting of the Scrutiny Committee for reviewing its content, consideration of new items or adjournment / withdrawal of items. Its purpose is also to ensure alignment with the forward work programmes of the Executive and Senior Leadership Team.

Contact: Geraint Wyn Roberts (Scrutiny Officer)
