## 2 - Constituency Activity

I have attended all public meetings I have been invited to especially in relation to residents' concerns. When contacted I do my very best where possible to meet with the constituent rather than email or phone, I like to form a collaborative approach to working with fellow councillors in my own ward and others. I endeavour to always get back to a constituent with a response and I like to think on nearly every occasion it is with a favourable one to resolve an issue. Fly tipping has become a scourge in our community and I am always proactive in combatting it.

I have attended meetings in Morswyn and even though it is not in my ward have worked proactively with fellow councillors in trying to retain the service in Holyhead with the proposed restructuring that is taking place.

I have also attended meetings with Mon CF, residents and the police to combat anti-social behaviour in Holyhead.

Along with fellow councillors I attended a Fairness Commission workshop in Llangefnî organised by Menter Mon and am playing an active role in trying to get one established on the island.

I have also worked with Menter Mon and fellow councillors in bringing the land train to Holyhead which was a resounding success.

I am also a Town Councillor for the Llaingoch ward of Holyhead.

### **3 - Initiatives and Special Activities**

I have attended various briefing sessions over the year especially in relation to projects like Orthios, Minesto and Morlais which hopefully will and are attracting quality employment to the island through world leading cutting edge technology.

Where possible I also use my trade union knowledge and contacts to bring a partnership approach to initiatives.

### **4 - Learning and Development**

Information about the learning and development initiatives I have attended during the past year is available here (information supplied by the Isle of Anglesey County Council): [Training](#)
