A – Recommendation/s	s and reason/s

RECOMMENDATIONS AND REASONS

As part of the budget setting process, all of the Council's fees and charges are reviewed.

The Executive has set an objective that all non-statutory fees and charges are increased by an average of 3% across each individual service. This has allowed Service Heads to increase individual fees by more or less than 3% but, overall, the increase across the service equates to a 3% increase.

All statutory fees have been increased by the sum set by the approving body, where the increase has been published. Where the revised charge is not known, the fee is shown as TBC and will be updated once the notification of the new fee is received.

Fee increases in respect of Social Care are reported to the Executive as separate agenda items.

RECOMMENDATION

The Executive is requested to approve the schedule of Fees and Charges for 2023/24, as outlined in the booklet below.

B – What other options did you consider and why did you reject them and/or opt for this option?

Individual Services considered differing levels of fees in order to achieve the requirement of a 3% increase in the overall level of non-statutory fees for the service.

C – Why is this a decision for the Executive?

The Executive has delegated authority for decision making in relation to fees and charges.

Ch – Is this decision consistent with policy approved by the full Council?

Yes

D – Is this decision within the budget approved by the Council?

Yes

Dd	- Assessing the potential impact (if rele	vant):
1	How does this decision impact on our long term needs as an Island?	The report is used along with other reports to set the annual budget. In setting the annual budget, the impact on the long term needs of the Island will be assessed.
2	Is this a decision which it is envisaged will prevent future costs / dependencies on the Authority? If so, how?	The increase in fees and charges have been upgraded to reflect the increase in costs in the provision of the services.
3	Have we been working collaboratively with other organisations to come to this decision? If so, please advise whom.	Not applicable
4	Have Anglesey citizens played a part in drafting this way forward, including those directly affected by the decision? Please explain how.	The citizens of Anglesey were consulted as part of the 2023/24 budget setting process, and will be consulted on future budgets.
5	Note any potential impact that this decision would have on the groups protected under the Equality Act 2010.	The decision is an annual upgrade of fees and charges and is not a change in policy in any area. Charges are applicable to all users of Anglesey services and do not specifically target or exempt protected groups from the fees and charges increase.
6	If this is a strategic decision, note any potential impact that the decision would have on those experiencing socio-economic disadvantage.	Not applicable
7	Note any potential impact that this decision would have on opportunities for people to use the Welsh language and on treating the Welsh language no less favourably than the English language.	Not applicable
E –	Who did you consult?	What did they say?
1	Chief Executive / Senior Team (ST) (mandatory)	The report has been considered by the ST at its meeting on 6 February 2023 and the comments made incorporated into the report.
2	Finance / Section 151 (mandatory)	n/a – this is the Section 151 Officer's report.
3	Legal / Monitoring Officer (mandatory)	The Monitoring Officer is a member of the ST.
