**1 - Recommendation/s**

To note the contents of the report and attached documents, and state whether the Scrutiny Committee supports the priorities and future direction of the work.

**2 – Link to Council Plan / Other Corporate Priorities**

The Community Safety Partnership is required to formally report to this Committee each year to present an overview of activities. This ensures that the Partnership delivers its obligations in accordance with sections 19 and 20 of the Criminal Justice and Police Act 2006.

**The committee's duty is to scrutinise the Partnership's work, rather than the work of individual members (bodies).**

**3 – Guiding Principles for Scrutiny Members**

**To assist Members when scrutinising the topic:-**

- 3.1** Impact the matter has on individuals and communities [focus on customer/citizen]
- 3.2** A look at the efficiency & effectiveness of any proposed change – both financially and in terms of quality [focus on value]
- 3.3** A look at any risks [focus on risk]
- 3.4** Scrutiny taking a performance monitoring or quality assurance role [focus on performance & quality]
- 3.5** Looking at plans and proposals from a perspective of:

- Long term
- Prevention
- Integration
- Collaboration
- Involvement

[focus on wellbeing]

**3.6** The potential impacts the decision would have on:

- protected groups under the Equality Act 2010
- those experiencing socio-economic disadvantage in their lives (when making strategic decisions)
- opportunities for people to use the Welsh language and treating the Welsh language no less favourably than the English language

[focus on equality and the Welsh language]

#### 4 - Key Scrutiny Questions

1. To what extent does the committee agree with the Partnership's priorities, which are based on a local needs assessment process, and are there other matters which need to be prioritised?
2. In what ways does the statutory partnership add value and work in an effective and efficient manner in accordance with the expectations of the Crime and Disorder Act 1998?
3. To what extent is the action plan sufficiently robust to deal with aspects of the priority areas for the benefit of Anglesey's communities?

#### 5 – Background / Context

##### **BACKGROUND:**

- 1) There is a statutory duty on Local Authorities in accordance with the Crime and Disorder Act 1998, **and subsequent amendments because of the Police and Criminal Justice Act 2002 and 2006**, to work in partnership with the Police, the Health service, the Probation Service and the Fire and Rescue Service, to address the local community safety agenda. These are the main agencies that make up the Community Safety Partnership.
- 2) As a statutory member of the Partnership, it is important that the LA is appropriately represented. This is achieved by the presence of the current Local member with Community Safety Portfolio, Alun Roberts, and the principal officer with responsibility for the work, Rhys Hughes (Chair).
- 3) **Community safety partnerships were originally called crime and disorder partnerships, and although the name has been changed, the areas or responsibility have not, and they remain –**
  - Crime and Disorder
  - Substance Misuse
  - Reducing reoffending

- We also have a responsibility to formulate and implement a strategy to prevent and reduce serious violence, following amendments to the Crime and Disorder Act as a result of the new Serious Violence Duty. In North Wales, a regional approach is being taken.
  - Under the Domestic Violence, Crime and Victims Act 2004, CSPs also have a statutory duty to establish Domestic Homicide Reviews. These are a review of the circumstances in which the death of a person aged 16 or over has, or appears to have, resulted from violence, abuse or neglect by— (a) a person to whom he was related or with whom he was or had been in an intimate personal relationship, or (b) a member of the same household as himself, held with a view to identifying the lessons to be learnt from the death.
- 4) Quarterly meetings are always well attended. Partners and Local Members who attend the meetings contribute positively, and quarterly data on crime figures and plan delivery are shared at every meeting. Every responsible member of the partnership contributes financially to having in place a partnership analyst, so that regular data can be supplied to support evidence-based decisions.
- 5) Working between partners is fundamental to community safety. The main reason for the introduction of CSP's back in 1998, was to ensure that crime and disorder was seen as '**everybody's problem**' and not the realm of the Police alone.
- 6) Some of the main changes the partnership has, and currently faces are listed below:
- a. Loss of local grants – **all the grants**, which the partnership once received have now either ended, or have moved to a regional grant position, managed on a North Wales basis. We do not commission any projects or services directly (only the DHRs) as we have no funding allocated to Community Safety.
  - b. Loss of local coordinators – some posts have been lost because of the withdrawal of funding; others became a regional resource. However, by maintaining close and purposeful membership of the regional groups, we are confident that local needs are embedded in **all** regional plans and activity.
  - c. The main challenges we all face of course, is the changing face of criminality in our communities today. **Even though Gwynedd and Anglesey remain amongst the safest places to live**, we face the same issues as all other areas of the UK. Crime today is far-reaching and complex, with the use of technology enabling a level of exploitative crime not seen before. Organized crime gangs exist across the UK, and most are involved with drug-related crime. These gangs are known as county lines gangs and have been the subject of much responsive activity in North Wales, which has impacted greatly on the criminal gangs' activity in the area.

#### **THE PARTNERSHIP'S PRIORITIES/DOCUMENTS FOR SCRUTINY:**

The partnership works to an annual plan. Attached is the 2023-24 plan, which is based on the priorities within the Safer North Wales Board's Strategy. These priorities are:

- Preventing Crime and Anti-Social Behaviour

- Tackling Violent Crime
- Tackling Serious Organised Crime
- Protecting and building resilient communities and maintaining public safety.

## OVERVIEW OF OFFENDING RATES OVER THE REPORTING PERIOD:

### Background:

- 1) The Police look at crime figures constantly and review all changes on a regional and local basis. Any significant changes are subject to further analysis. Problem areas will then be reviewed, with policing plans put in place to tackle the issues. Local policing methods include the daily tasking of resources to tackle issues as they emerge.
- 2) The Partnership receives data on crime levels on a quarterly basis, and the 'softer' or longer-term approaches of tackling crime trends will be the basis of the partnership plan. The data we generally use is that of a comparison between the period in the current year, and the same period in the former year.

### CRIME DATA

Below is the most recent crime data for Anglesey up to October 2023 from our Partnership Analyst within North Wales Police. This outlines the figures for the year to date, with comparison to previous years and the picture across North Wales.

Ynys Mon - Crime & Incident Data	Fiscal Year		% Change (YTD)	North Wales
	2022/23 (YTD)	2023/24 (YTD)		% Change (YTD)

Anti-Social Behaviour	754	635	-15.8%	-10.2%

**From the table above you will notice decreases in crime volumes across most crime types. This is caused by recent changes to Home Office Crime Recording in April 2023.**

Prior to April 2018, only the principal offence crimes were recorded; for example, if someone reported being assaulted and disclosed that it was part of an ongoing harassment case, only the assault would have been recorded. In April 2018, Home Office changes to crime recording meant that the assault **AND** the harassment would be recorded as separate crimes. This secondary crime recording led to increases in volumes, particularly in conduct offences such as stalking harassment, coercive and controlling behaviour and violence against the person offences.

However, in April 2023, following a review by the NPCC, the decision was made to revert to the 'principal offence' approach to Home Office counting rules, which will seek to record the crime which has had the most impact on a victim, rather than record multiple entries. Ultimately, this will lead to falls in the volume of recorded crime, but not necessarily in crime in general.

Over the first half of the 2023/24 fiscal year, we are already seeing these reductions in North Wales, with recorded victim-based crime down by 13.8% which equates to over 4,500 fewer crimes. Recorded crime data for the 2023/24 fiscal year will establish a new baseline following the recording changes, **with a more accurate reflection on trends emerging in 2024/25.**

The data for Ynys Mon also reflects this, with 14 of the 16 categories in the table above showing decreases, with some being quite significant decreases in terms of both volumes and percentage change. The two categories where increases were seen (Burglary – Business & Community and Robbery) are low volume categories, so the increases are only minimal in terms of the overall volumes.

One area which bucks the trend in Ynys Mon, in comparison to North Wales as a whole, is Theft & Handling, with a -6.1% decrease compared to the overall 10.1% increase seen across North Wales. The bulk of the increase seen in North Wales is caused by increases in shoplifting offences, which falls into the Theft & Handling category.

Domestic Incidents (Non-Crime) are calls received by North Wales Police's Control Room which have a domestic element to them; however do not constitute a criminal offence and are not recorded as a crime, therefore will not be affected by changes to Home Office recording. They include incidents such as verbal domestic disputes, where no criminal offences have taken place. These incidents generate a CID 16 referral, for consideration of sharing with the relevant safeguarding partners. Despite a slight increase being seen across North Wales as a whole, there has been a significant percentage decrease of such calls in Ynys Mon in 2023/24 in comparison to 2022/23.

Incidents of ASB are also not recorded as crimes and therefore will also not be affected by changes to Home Office recording. ASB in Anglesey has seen a year-to-date decrease of -15.8% in 2023/24 in comparison to the same period in 2022/23. This equates to over 100

fewer incidents being reported in Ynys Mon in the 6 months between April-September 2023.

#### **WORK COMPLETED SO FAR DURING 2023:**

- 1) To develop the annual plan, we consulted with partners on any upcoming activities or projects that linked with the Safer North Wales Board's priorities. The 2023-24 plan (attached) sets out the activity the Partnership wanted to achieve during this financial year. The activity is monitored and reported on a quarterly basis to the CSP, so that any remedial activity can be agreed if required.
- 2) Crime figures are shared on a quarterly basis through a performance report prepared by the Police Analyst, so that any trends and additional activity needed could be discussed.
- 3) We have a statutory duty under the Domestic Violence, Crime and Victims Act 2004 to establish Domestic Homicide Reviews (DHRs/definition above). Sadly, the Partnership has had 5 ongoing DHRs this year. This work inevitably has significant and continuing resourcing implications, including Home Office sign off which can be a very lengthy and unwieldy process.
- 4) A summary of the work completed this year:
  - a) The Safer Streets 4 project in Holyhead came to an end in September. Collaboration between the Police, Local Authority and Town Council meant that over £600k was spent on work and initiatives in the area. Elements included: improved lighting and extension of CCTV coverage, sessions with the Police and self-defense classes for young people, and crime prevention packs for residents.
  - b) The Serious Violence Duty came into force in January 2023, requiring specified authorities to work together to prepare and implement a strategy for preventing and reducing serious violence in the area. This year, a regional Task and Finish Group was set up with representation from senior responsible officers across relevant authorities. To form the evidence base for the Strategy, a Data and Evidence Subgroup was also created, to develop a local picture of serious violence. Following recent amendments to the Crime and Disorder Act, the CSP has an explicit role in evidence based strategic action on serious violence.
  - c) One element of the work under the Serious Violence Duty was the 'Futures without Violence' Fund provided by the Home Office, to invest in projects that support children and young people at risk of violence in our communities. Under this funding, a successful bid was made in Anglesey to deliver a project to improve the skills of professionals and provide positive educational sessions linked to outdoor educational activity. The project will be rolled out over the next few months.
  - d) Working closely with Local Policing Teams, we identified areas that could benefit from the Westminster Government's Shared Prosperity Fund. One of the investment priorities within the fund is 'Community and Place', and one of the Levelling Up Missions aims that by 2030 homicide, serious violence, and neighbourhood crime will have fallen. As part of this work, we have identified specific locations in Anglesey where offences take place or where people do not feel safe, and additional CCTV could be introduced. The objective being to

improve perceptions of safety and reduce neighbourhood crime. We are currently awaiting the outcome of the bid.

- e) In collaboration with the LA Safeguarding Lead, the CSP oversees Prevent delivery in the area (a duty within the Counter-Terrorism and Security Act 2015 on specified authorities to have due regard to the need to prevent people from being drawn into terrorism). Following the annual benchmarking assurance exercise with the Regional Prevent Advisor, we received confirmation in May that Anglesey was meeting the requirements of the Duty in most areas. We have continued to work constructively and collaboratively with the Regional Advisor to develop any areas of improvement.
- f) We submitted a successful bid to the Preventing Radicalisation Fund by the Home Office last year, for a project to improve critical thinking skills and media literacy for young people. The project was rolled out in March this year and resulted in 206 students attending Media Literacy sessions. Following their participation, students exhibited a notable improvement in their ability to recognise and target misinformation and could successfully navigate the information they consume online with confidence.
- g) We continued to coordinate the ongoing Domestic Homicide Reviews in the County. This has involved the attending of Panel Meetings throughout the year, researching the background of the cases, and providing an input into discussions around any missed opportunities, lessons learnt and recommendations.
- h) We continued to attend the regional group to implement the Alcohol Harm Reduction Strategy for North Wales 2020-24. The Strategy seeks to reduce the harms associated with alcohol to the individual and wider society and highlights the need for a whole system approach of collaborative partnership working. Membership of this group includes the Health Board, Area Planning Board, councils across the region and local support service providers.
- i) Following feedback from service users, the Substance Misuse Harm Reduction outreach service was renamed as the North Wales Enhancing Lives Service. It will retain the outreach focus, but the general support provided will be enhanced with new specialist staff to carry a caseload of more complex cases.
- j) This year, we are working with the new-in-post Regional Lead for Suicide and Self-Harm Prevention. This involves attendance at the regional forum to develop a regional plan based on the national strategy. Learning from the DHRs have highlighted the link between suicide and domestic abuse, and raising awareness of this will be one of our priorities moving forward.
- k) Chaired by the Police, the Anglesey and Gwynedd SOC (Serious Organised Crime) group has continued to meet, providing a valuable opportunity for Police and Partner Agencies to discuss local concerns and share intelligence around Organised Crime Gangs in the area.

#### **WORK ONGOING:**

- 1) Continue to implement local projects identified within the plan for Q3 – through monitoring process.
- 2) Continue to support the implementation of the Regional Alcohol Harm Reduction Strategy.
- 3) Continue to attend the regional task & finish group in preparation for the Serious Violence Duty, so that the LA best placed meet the new requirements promptly. Roll out of Futures Without Violence project.
- 4) Continue to work closely with the Home Office Prevent Regional Advisor to update LA Prevent and Channel arrangements following new guidance published this year.

<p>Working alongside our partners in the Regional Prevent Delivery Group to implement a Communication and Engagement Strategy.</p> <p>5) Once completed, sign off the content of the DHR reports and submit to Home Office for Quality Assurance process before publication.</p> <p>6) If successful, roll out Shared Prosperity Fund CCTV project in three of our towns. Project management, risk mitigation and collaboration between CSP, CCTV provider service, Street Lighting department and Town Councils.</p>

## **Gwynedd and Anglesey Community Safety Partnership Annual Plan 2023-24**

### **Background**

The Community Safety Partnership is a group of organisations that collaborate to consider how best to address crime and disorder. The requirement to have such a partnership in place on a local level is part of the law, under the Crime and Disorder Act 1998. Several organisations have a part to play within the partnership, including the local authority, the police, the probation service, the fire and rescue service and the health board.

We have responsibilities under the 1998 Act for a number of areas, including – reducing crime and disorder, reducing re-offending, substance misuse and anti-social behaviour. In addition, we have a duty to commission Domestic Homicide reviews under certain circumstances.

Our plan will deliver against the priorities within the Safer North Wales Partnership Board Strategy, namely:

- 1) Prevent crime and anti-social behaviour
- 2) Tackle violent crime
- 3) Tackle serious organised crime
- 4) Safeguard and build resilient communities and maintain public safety

We are also steered by the following priorities and objectives:

- North Wales Strategic Assessment
- North Wales Police and Crime Commissioner's Plan (2021-24)
- North Wales Vulnerability and Exploitation Strategy (2021-24)
- The Home Office's Beating Crime Plan (2021)

**Work plan for next 12 months**

4	Public Protection adapt the way that they work with partners in Social Services, North Wales Police and other agencies to identify the victims of crime on the Island. These could be victims of scams (telephone, post and cyber) and/or victims of doorstep crime (cold-callers or fraudulent traders).	Improved working practices to increase the prompt sharing of information	Better identification and help to provide early interventions	Anglesey Public Protection	Throughout 2023/24. Will be monitored in the quarterly CSP meeting	<b>Priority 4 in the Safer North Wales Plan</b>
5	The Housing Department within Cyngor Gwynedd is currently developing a number of projects in Gwynedd that encompass many of the Community Safety Partnership's priorities. Examples of this work: Three self-contained flats with a high level of support, hopefully opening during the summer. Twelve supported living flats, with the intention of opening the project in November this year. A Senior Officer - Housing Solutions and Mental Health has started in post in January 2023. This role will help to develop a relationship with the Mental Health Service and try to prevent homelessness, and ensure that there is accommodation available upon discharge from hospital.	Five new pods will be built as temporary accommodation. Flats are being prepared with varying levels of support.	Services will be better placed to provide individuals with support and early intervention  A closer working relationship with clients and case workers	Gwynedd Housing and Property Department	Throughout 2023/24. Will be monitored in the quarterly CSP meeting	<b>Priority 1 in the Safer North Wales Plan</b>

	A private leasing scheme is being developed by the Homelessness Team to bring more private landlords as an option to re-house some people who are currently homeless, and to reduce the use of Bed & Breakfast accommodation.					
6	Implement the North Wales Prison in Reach Project funded by the APB. Will support people released from prisons throughout the UK back to North Wales, that has previously identified complex substance misuse problems	2 x In-reach Co-ordinators in post.  In order to ensure that each will have interventions in place prior to their release. These will be tailored to the individual's needs and will include, but are not restricted to housing requirements, benefits, and medicines.	The aim will for everyone to be better informed, supported and prepared for the period of transition back into the community.  The co-ordinators will also be responsible for developing an assistance programme by peers from community coordinators which include volunteers who have similar lived transition experience, to make immediate contact 'at the gate'.	Donna Jones (APB)	Throughout 2023/24. Will be monitored in the quarterly CSP meeting	<b>Regional Substance Misuse Plan</b>

7	Further development of cooperative outreach/harm prevention services in North Wales.	Transfer to an amended Improving Lives service model, as recommended in the recent service review. (subject to agreeing a funding offer from Welsh Government)	Amended service in place with increased capacity to better support the needs of those with Complex Needs involving Substance Misuse, Mental Health, and Housing.	Donna Jones (APB)	Throughout 2023/24. Will be monitored in the quarterly CSP meeting	<b>Regional Substance Misuse Plan</b>
8	We will ensure that responsibilities placed upon the CSP in relation to undertaking Domestic Homicide Reviews (DHRs) will be appropriately completed. Essentially, this means ensuring that appropriate review panels, chairs and authors are commissioned, and that final review reports are submitted and accepted by the Home Office.	Commission review panels, chairs, and authors for the DHRs  Undertake the DHR and submit to the Home Office.	The responsibilities placed upon the CSP in relation to undertaking DHR reviews are appropriately completed.
