6. Key points / summary

1. Background

1.1 Effective work programming is the bedrock of an effective local government scrutiny function¹. Done well, work programming can help lay the foundations for targeted and timely work on issues of local importance demonstrating where Member scrutiny can add value. Good practice advocates two key issues at the heart of the scrutiny forward work programme:

- i. Challenge around prioritising work streams
- ii. Need for a member-led approach and interface with officers.

1.2 Basic principles of good work programming²

- Work programming should not be a “start-stop” process
- Complementary work programmes for separate scrutiny committees
- Balance between different methods of work
- An effective process for reporting / escalating issues to the Executive
- Input and views of internal stakeholders
- Close working with the Executive
- Links with the Annual Scrutiny Report (evaluation and improvement tool).

2. Local context

2.1 There is now a well-established practice of forward work programming which are now rolling programmes focusing on the quality of scrutiny with fewer items, to add value. They are an important tool to assist Members in prioritising their work and are discussed with the Leadership Team and Heads of Service. Both committees review the content of their work programmes on a regular basis, to ensure that they remain relevant and keep abreast with local priorities. Our local forward planning arrangements now ensure greater focus on:

- Strategic aspects
- Citizen / other stakeholder engagement and outcomes
- Priorities of the Council Plan and transformation projects
- Risks and the work of inspection and regulation

Matters on the forward work programme of the Executive. **Outcome:** rolling work programmes for scrutiny committees which are aligned with corporate priorities.

2.2 Committee chairs lead on developing the forward work programmes and are submitted to the monthly Scrutiny Chairs and Vice-chairs Forum and for approval at each ordinary meeting of the scrutiny committees. The Forum is considered an important vehicle to oversee these programmes and jointly negotiate priorities.

² A Cunning Plan? Devising a scrutiny work programme, Centre for Public Scrutiny (March, 2011)

2.3 **“Whole council” approach to Scrutiny:** our work programmes provide a strong foundation for our improvement programme, ensuring the role that Scrutiny plays in the Authority’s governance arrangements:

- i. Supports robust and effective decision-making
- ii. Makes a tangible contribution to the Council’s improvement priorities
- iii. Continues to evolve.

3. Issues for consideration

3.1 The Scrutiny Committee receives regular update reports on the implementation of its forward work programme. A copy of the current 2025/26 work programme is attached as **APPENDIX 1** to this report for reference and includes changes made to the work programme since the Committee last considered the document.³

3.2 Where appropriate, items may be added to the Committee’s forward work programme during the municipal year. Requests for additional matters to be considered for inclusion on the work programme can be submitted via the Members Request Form for an item to be considered for Scrutiny. Requests are initially considered by the Scrutiny Chairs and Vice-chairs Forum, using the following criteria:

- the Council’s strategic objectives and priorities (as outlined in the Council Plan)
- the ability of the Committee to have influence and/or add value on the subject (A Scrutiny Test of Significance Form will be completed).
