1. Confirmation of Minutes

The minutes of the meeting held on 23 October, 2014 were confirmed as a true record.

2. Meeting the Challenges – Initial Budget Proposals for 2015/16

The Leader referred to the last meeting of this Forum and the background to the Council's efficiency strategy for 2014 – 2017.

The Portfolio Holder for Finance then summarised the key issues in the consultation document, and the Council's budget position as a result of the Welsh Government settlement. The level of efficiencies required to meet the budget gap was highlighted and referred to the schedule of proposed efficiency savings listed in the report to the Executive on the 15th December, 2014 under specific headings.

The Chairman then requested observations on the proposal to increase Council Tax by 5% and the schedule of proposed efficiency savings. The Chairman noted in relation to Council Tax, under current arrangements, approximately one out of every three households on Anglesey received some level of relief.

Observations on level of Council Tax increase

Menai Bridge – implications for service users need to be considered based on a 5% increase and level of services delivered.

Llangefni – need to explain to ratepayers what services are safeguarded if a Council Tax increase of 5% is set. However, recognise that if essential services are to be safeguarded, there is a need to raise Council Tax by up to 5% to meet the funding gap.

Amlwch – Council Tax should be set below 5% in view of the GVA data for Anglesey.

Llanbadrig – 5% increase rather high but recognise the need to increase Council Tax up to this level in order to meet the funding gap.

Beaumaris – proposed increase of 5% acceptable, but services need to be more efficient and opportunity to maximise income should be pursued.

Trearddur Bay – the Council should aim for an increase closer to 4% rather than 5% to reduce impact on households.

Pentraeth – Council Tax should be as low as possible.

Llanfaelog – support an increase nearer to 4% to reduce impact on households.

Cwm Cadnant – support an increase of around 4 – 4.5% to recognise pressures on services.

Comments on specific efficiency savings

Cwm Cadnant – Smarter Working project – need further information on the rationale for additional expenditure to the Council Headquarters. The Leader responded by setting out the context and elements of the project including modernising staff working practices, investment in technology, the need to rationalise the Council's property portfolio in Llangefni and centralise staffing in the Headquarters. Capital receipts generated from disposal of assets would contribute to offsetting costs.

Clarification was also requested on the scope to generate income from Council Tax on second homes and empty properties. The Portfolio Holder for Finance noted that this would need to be considered in detail by the Council before any changes are introduced which could potentially be implemented during 2016/17 at the earliest.

Llanfairpwll – implications of reduction in funding to manage TIC needs to be explained, and cut backs to operational budgets for European Projects.

Llanfaelog – need to look closely at the implications of proposals across the board on Children's Services/Young People. How much consultation has there been with relevant stakeholders?

Llanbadrig – future staffing levels of Beach Wardens raised. The Leader noted that this was not part of the consultation, although the Council was currently re-modelling the service.

Trewalchmai – concerns expressed that the proposals in the Education Service to reduce specific budgets and implications – dyslexia, SEN contribution and proposals to raise income through introducing a fee for breakfast on non-free school meal pupils. In relation to free school meals, the Leader confirmed that more detailed work on this proposal was being done to assess the full effects.

Beaumaris – the Council should introduce further recycling opportunities on the Island in order to maximise income. Also the Council should review proposals to charge £25 for replacement of bins lost etc. to minimise fly tipping.

Tourism and importance to the economy was then referred to and, more should be done to encourage provision of local Tourism Information Centres e.g. in Beaumaris. The Council's leisure centres was raised, and the need for the Council to consider re-modelling existing leisure centres around the Social Enterprise model in Beaumaris. The Leader responded by noting that work was currently in hand to review operational costs across the leisure centres.

Amlwch - changes proposed to working practices at Penhesgyn and Gwalchmai sites – implications for public access and potential increase in fly tipping noted as a concern.

Llangefni Town Council – need clarification on the impact of increasing fees and charging for post 16 travel.

Cwm Cadnant - reference was made to the proposal to reduce the Council's contribution to the Joint Planning Policy Unit and the potential implications on preparation of key plans.

The Chairman then thanked everyone for their comments which would be conveyed to the Executive on the 16th February as part of the budget framework. The Chairman noted that more in-depth work would be done by the Council to review budgets and expenditure on statutory and non-statutory services for the 16/17 budget.

3. Reforming Local Government in Wales

The Chairman summarised Council's position in response to the Welsh Government White Paper and referred to matters discussed at a recent meeting with the Minister for Public Services. The Leader highlighted issues including the number of Councillors, staffing, Council Tax level and impact on the local economy. Further details were expected shortly from Welsh Government.

4. Adding Value to the Work Programme of the Council's Scrutiny Committees

The minutes of the meeting held on 18 December were accepted. The Interim Head of Democratic Services referred to the background for convening the meeting and the Council's desire for stakeholders to contribute to the work of Scrutiny Committees. Town and Community Councils and other stakeholders could, for example, provide evidence to support the work programmes of Scrutiny Committees when items of specific community interest are scheduled. The Executive's Forward Work Programme was now being circulated on a monthly basis to the Clerks of Town and Community Councils in order to provide information on matters to be discussed by the Executive/Scrutiny.

5. AOB

Closure of Llangefni Golf Course

Llangefni Town Council requested details from the Council on the closure of the Golf Course following the Executives decision on the 12 January, 2015. The Leader noted that the relevant department would provide information to the Town Council.

The five key functions for Scrutiny in the Council:-

- *Holding the decision takers to account.*
- *Monitoring Council Policy and Budget.*
- *Assist with Policy Development.*
- *Driving Improvement / Performance Monitoring.*
- *Examine matters of wide public interest and work of other public bodies in the area.*

BETH ALL SGRIWTINI EI WNEUD ? / WHAT CAN SCRUTINY DO?

Nid oes gan Sgriwtini rym i wneud penderfyniadau ond gall:

- Ddarparu her 'cyfaill beirniadol' i'r rheini sy'n gwneud penderfyniadau a llunio polisiau.
- Sicrhau bod llais a phryderon y cyhoedd yn cael ei glywed.
- Yn cael ei wneud gan Aelodau (nad ydynt ar y Pwyllgor Gwaith) sy'n arwain ac yn berchen ar y rôl Sgriwtini.
- Yrru gwelliannau mewn gwasanaethau.

Scrutiny does not have decision making powers but can:

- *Provide 'critical friend' challenge to executive policy makers and decision takers.*
- *Enable the voice and concerns of the public to be heard.*
- *Is carried out by Members (who are not on the Executive) who lead and own the Scrutiny role.*
- *Drive improvement in service.*
